morgen

nu
forsvinder det

den anden plade
driver videre

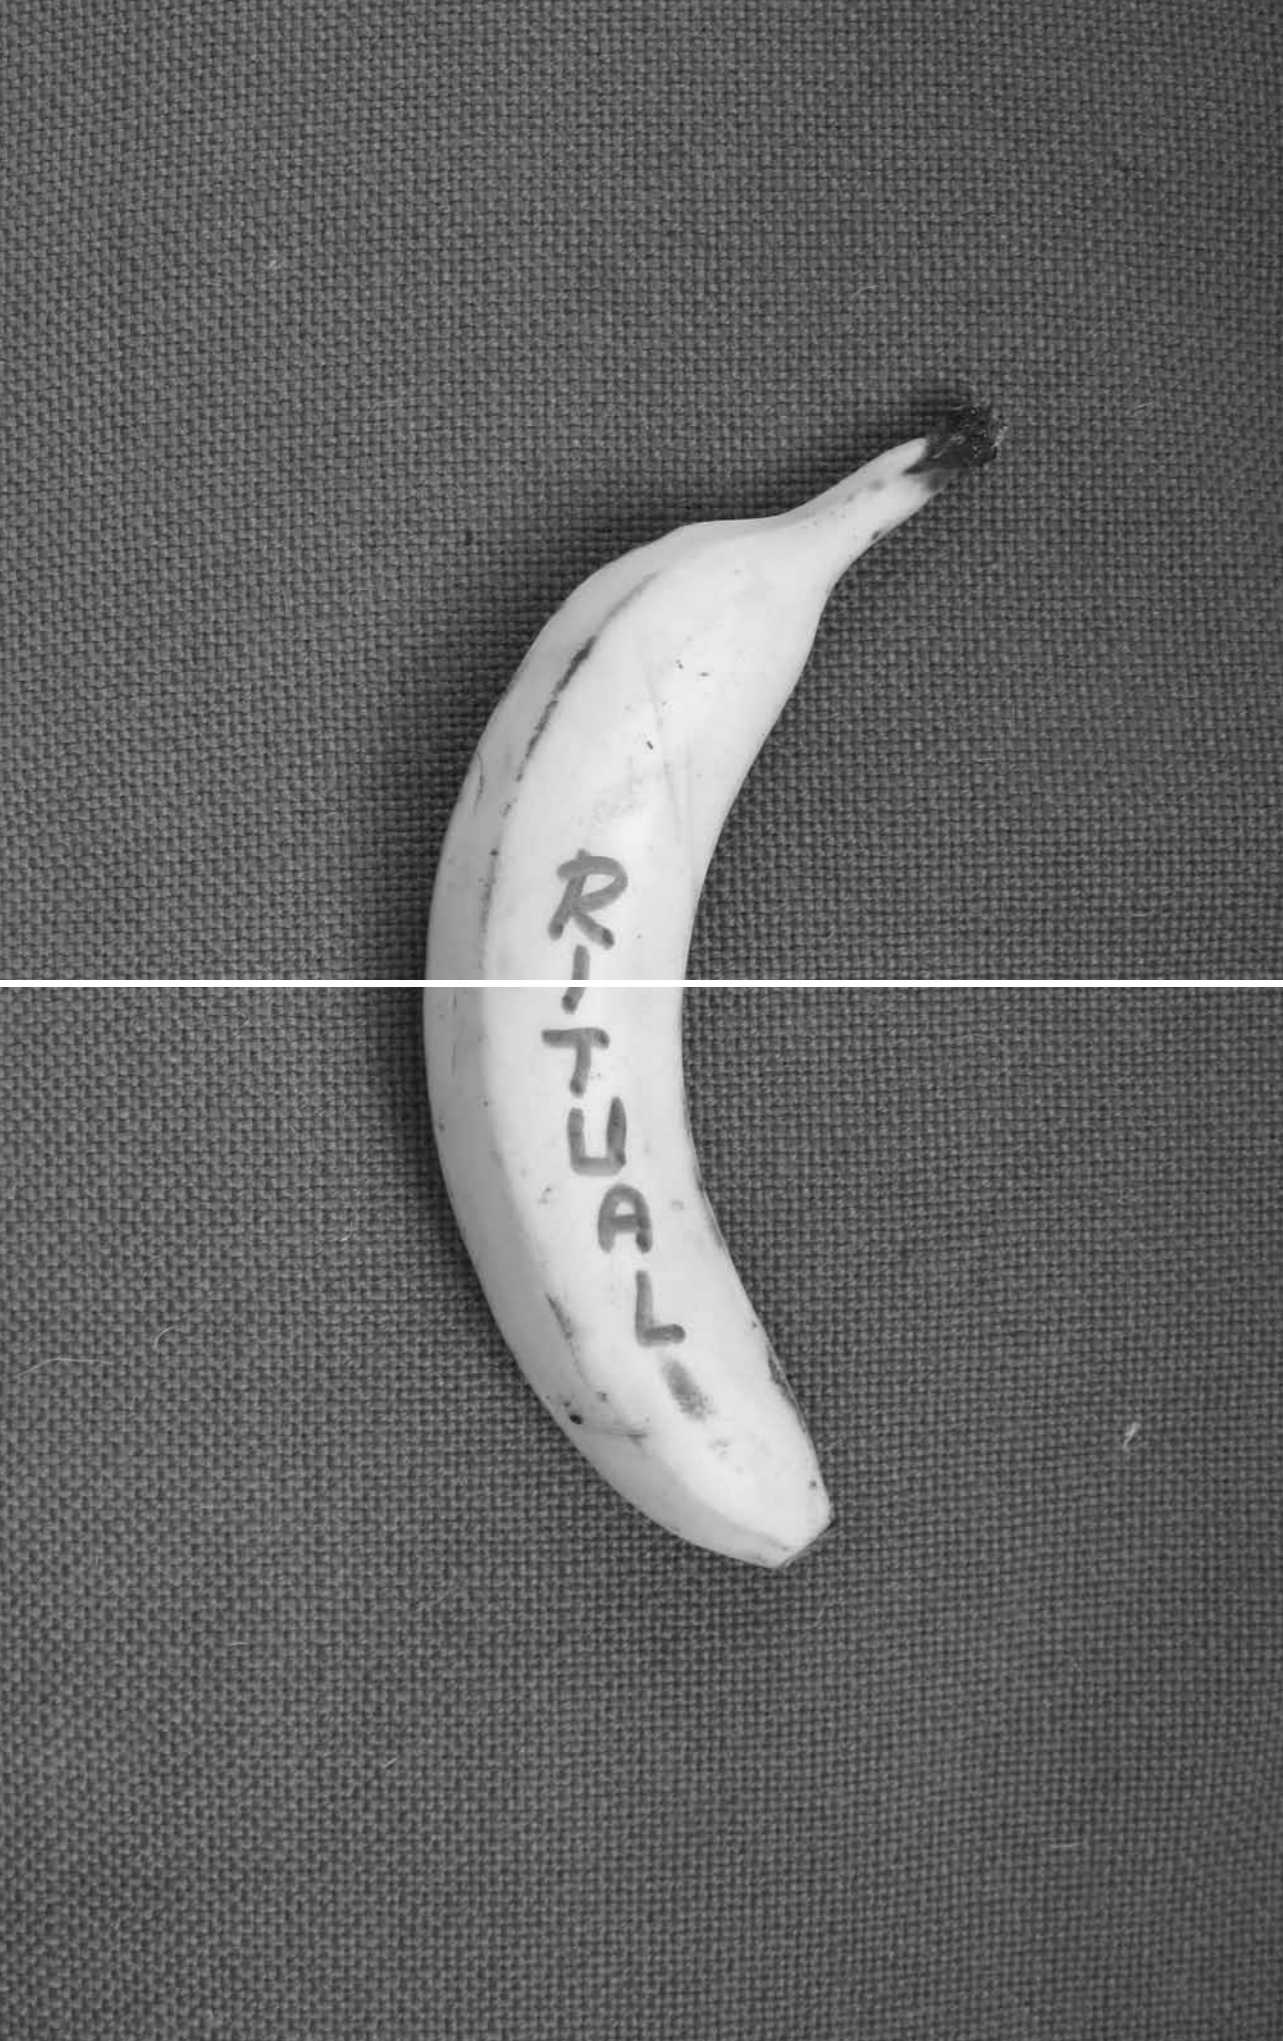

drømmens
kontinent
vokser bort

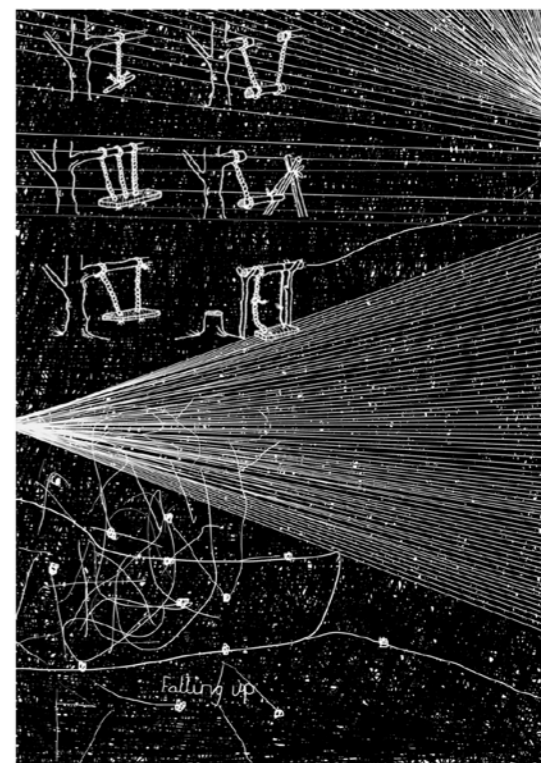

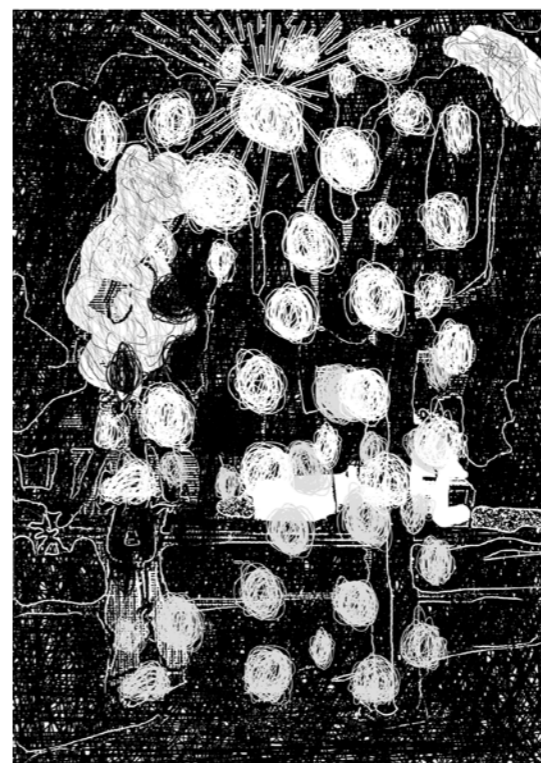

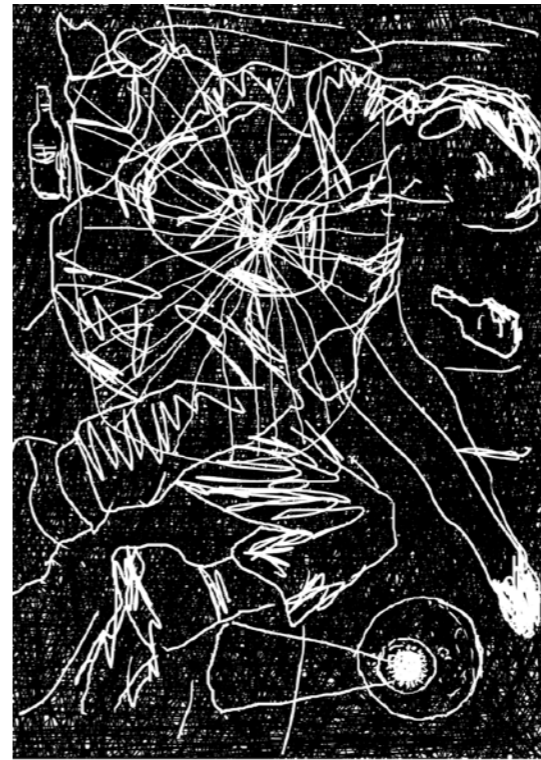

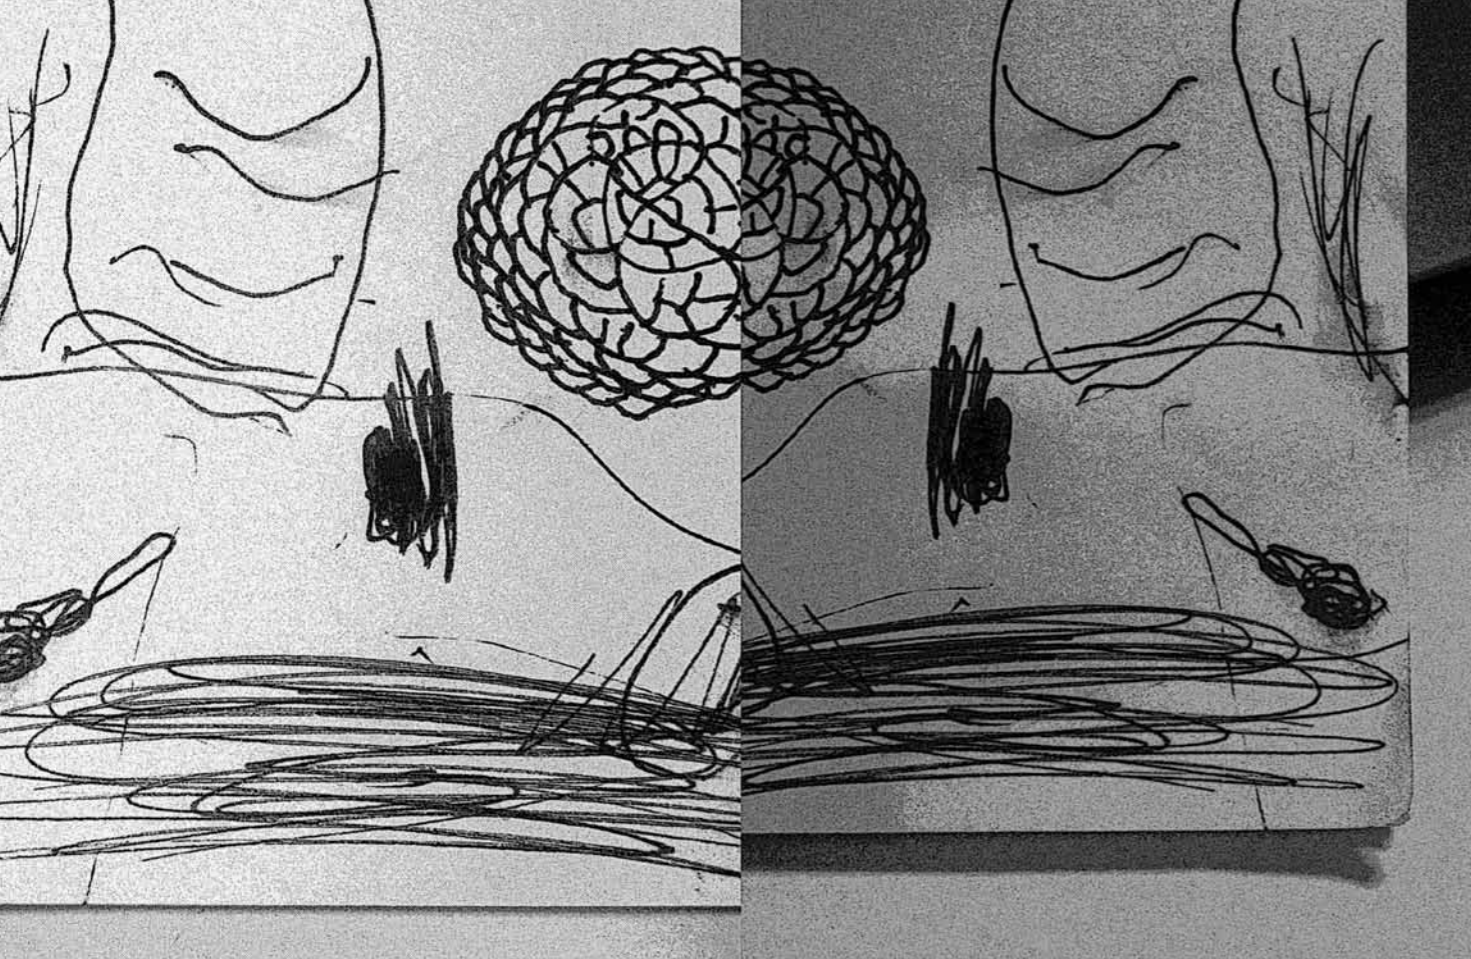

her
i lyset
er
vi

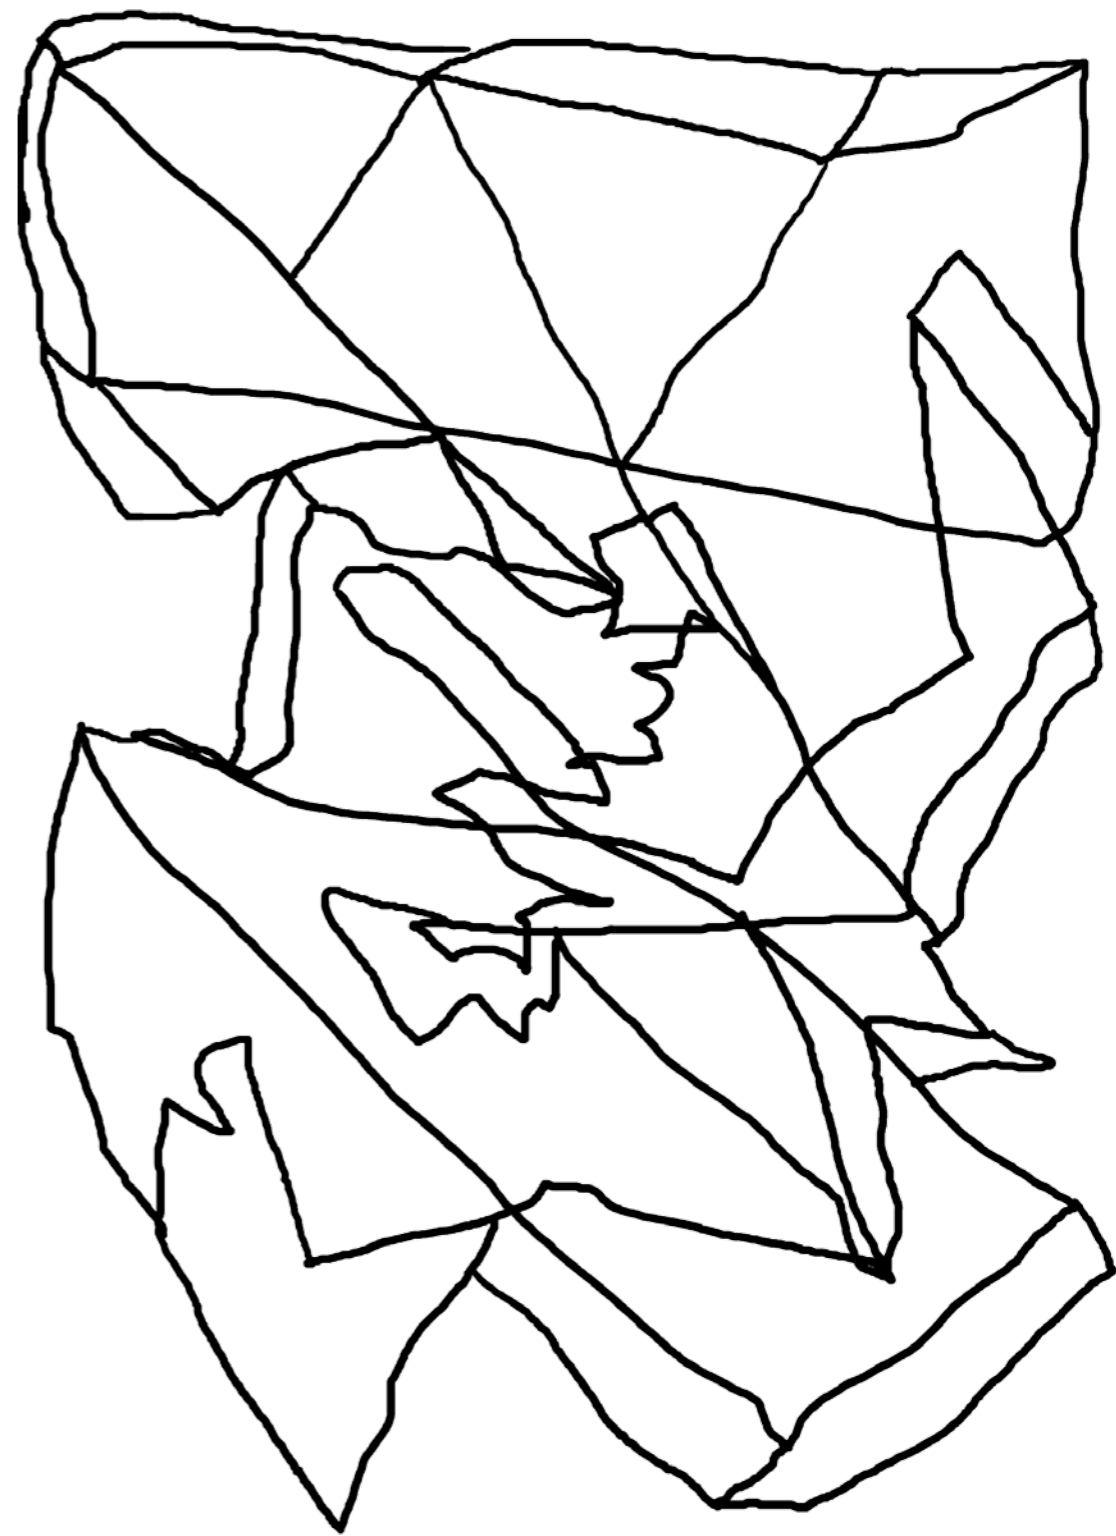

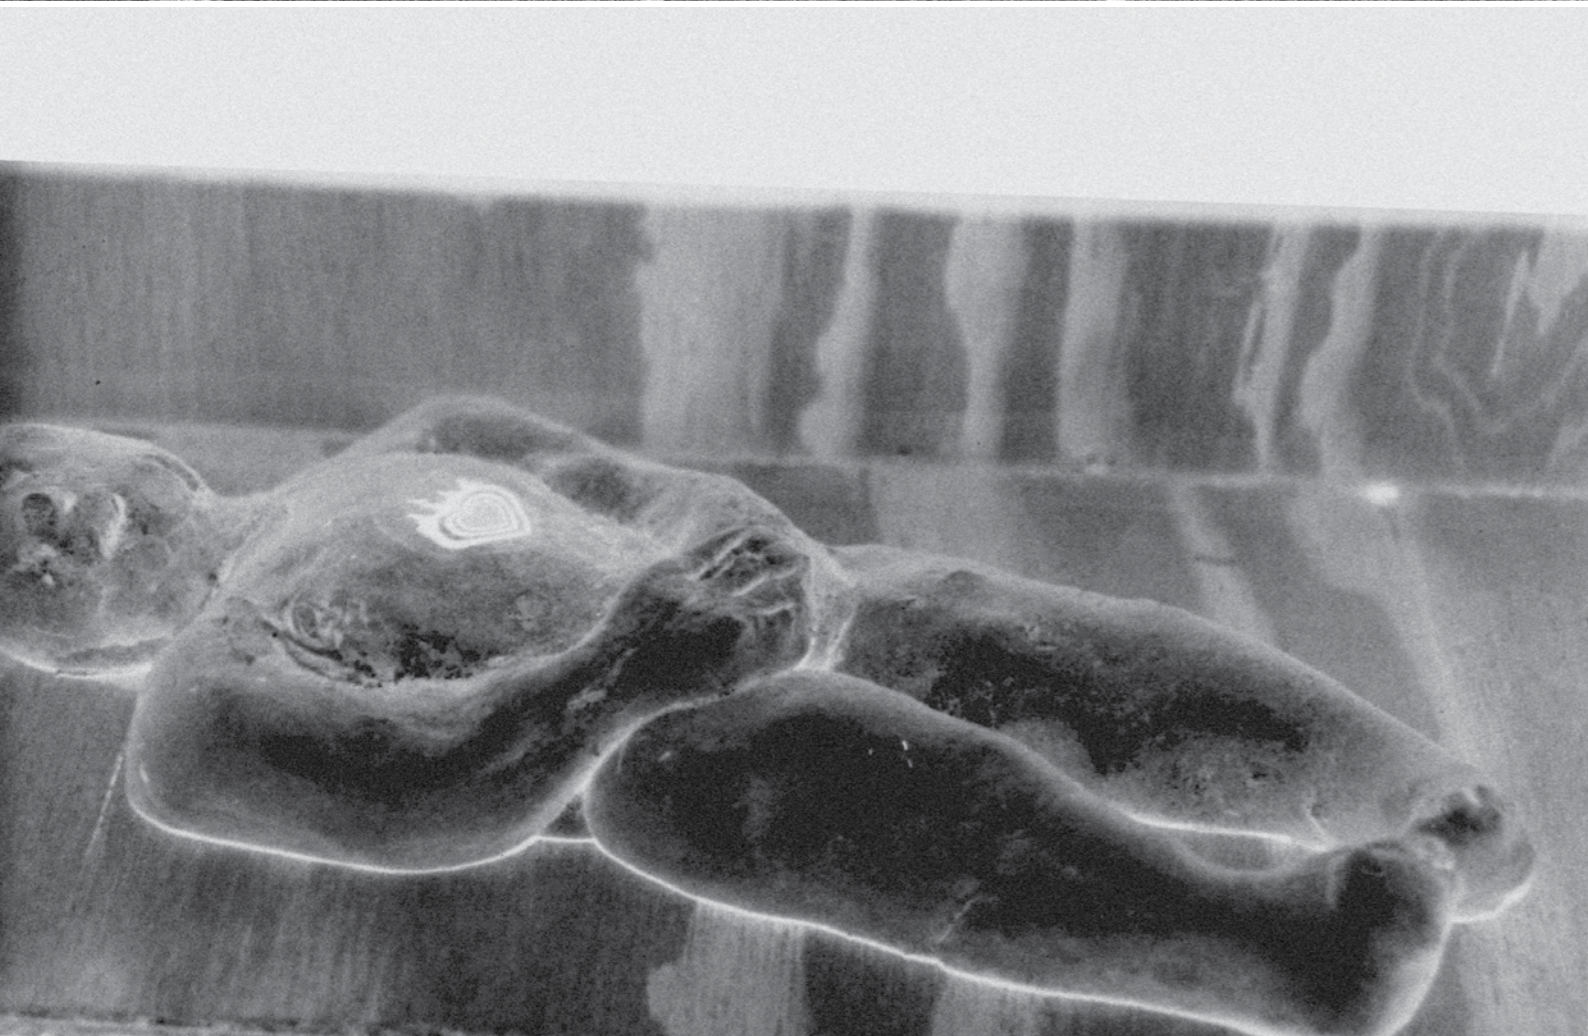

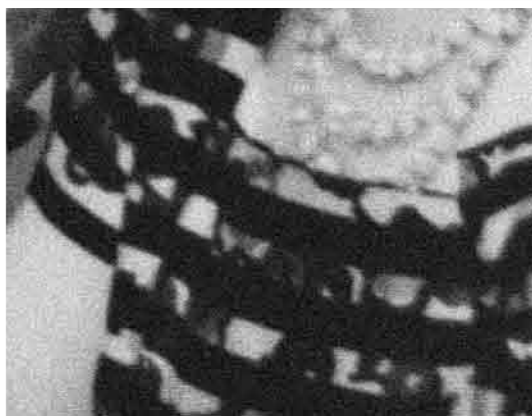

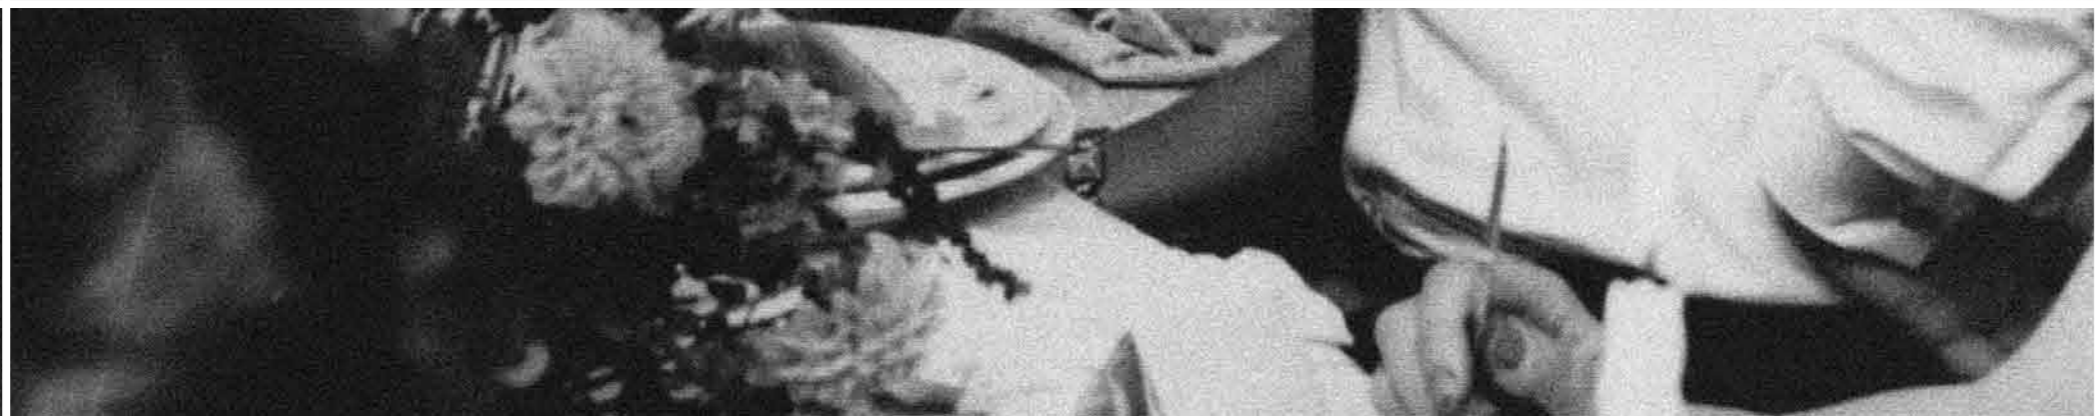

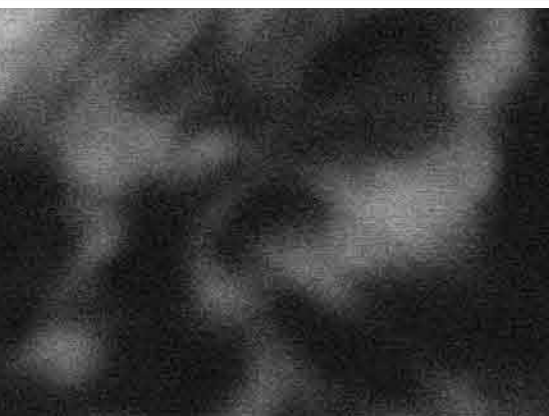

En storm
ud af væggen
skal drukne ham i sand
En lille fugl
af den pureste tin
skal flyve væk med hans hjerte
og give det til natten
Den
skal en moder kaste over sit frysende barn
når alle boder lukker
og fancyhårede horder
overspytter alle
fjendens gader
i de kolde byer

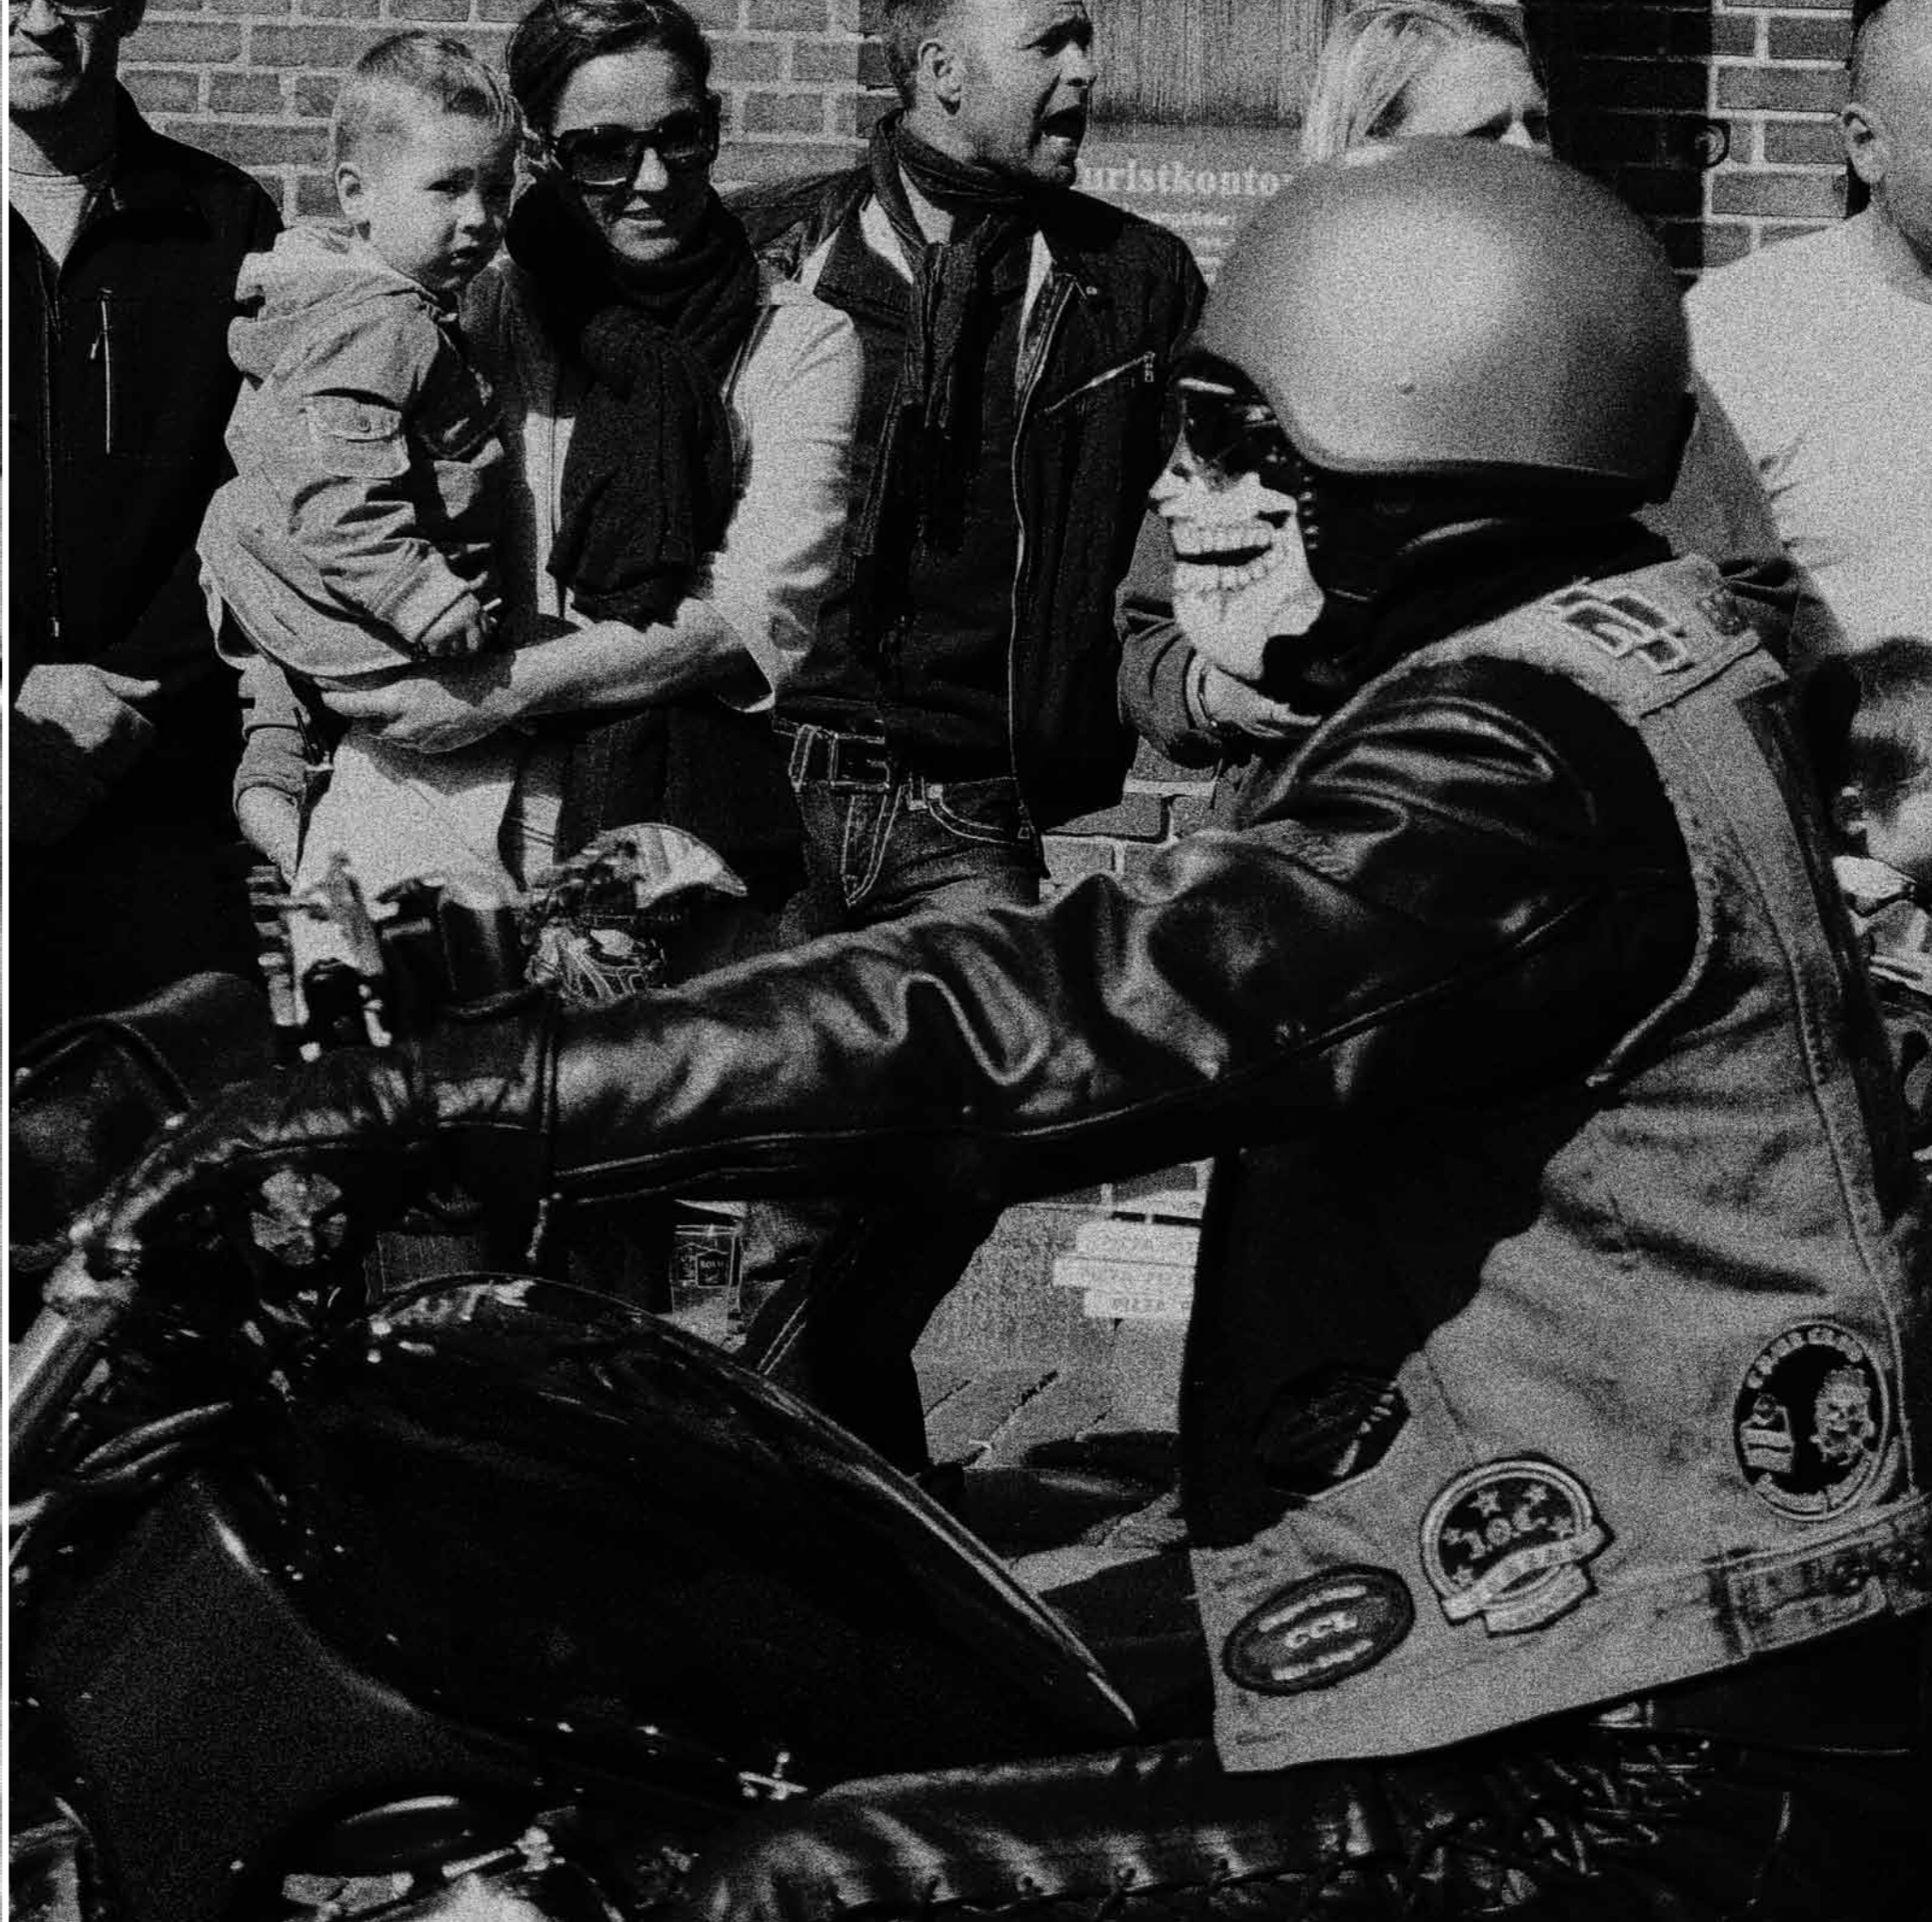

jeg ved ikke
om døden er en dyngest
men jeg ved at sådan
vil det ske

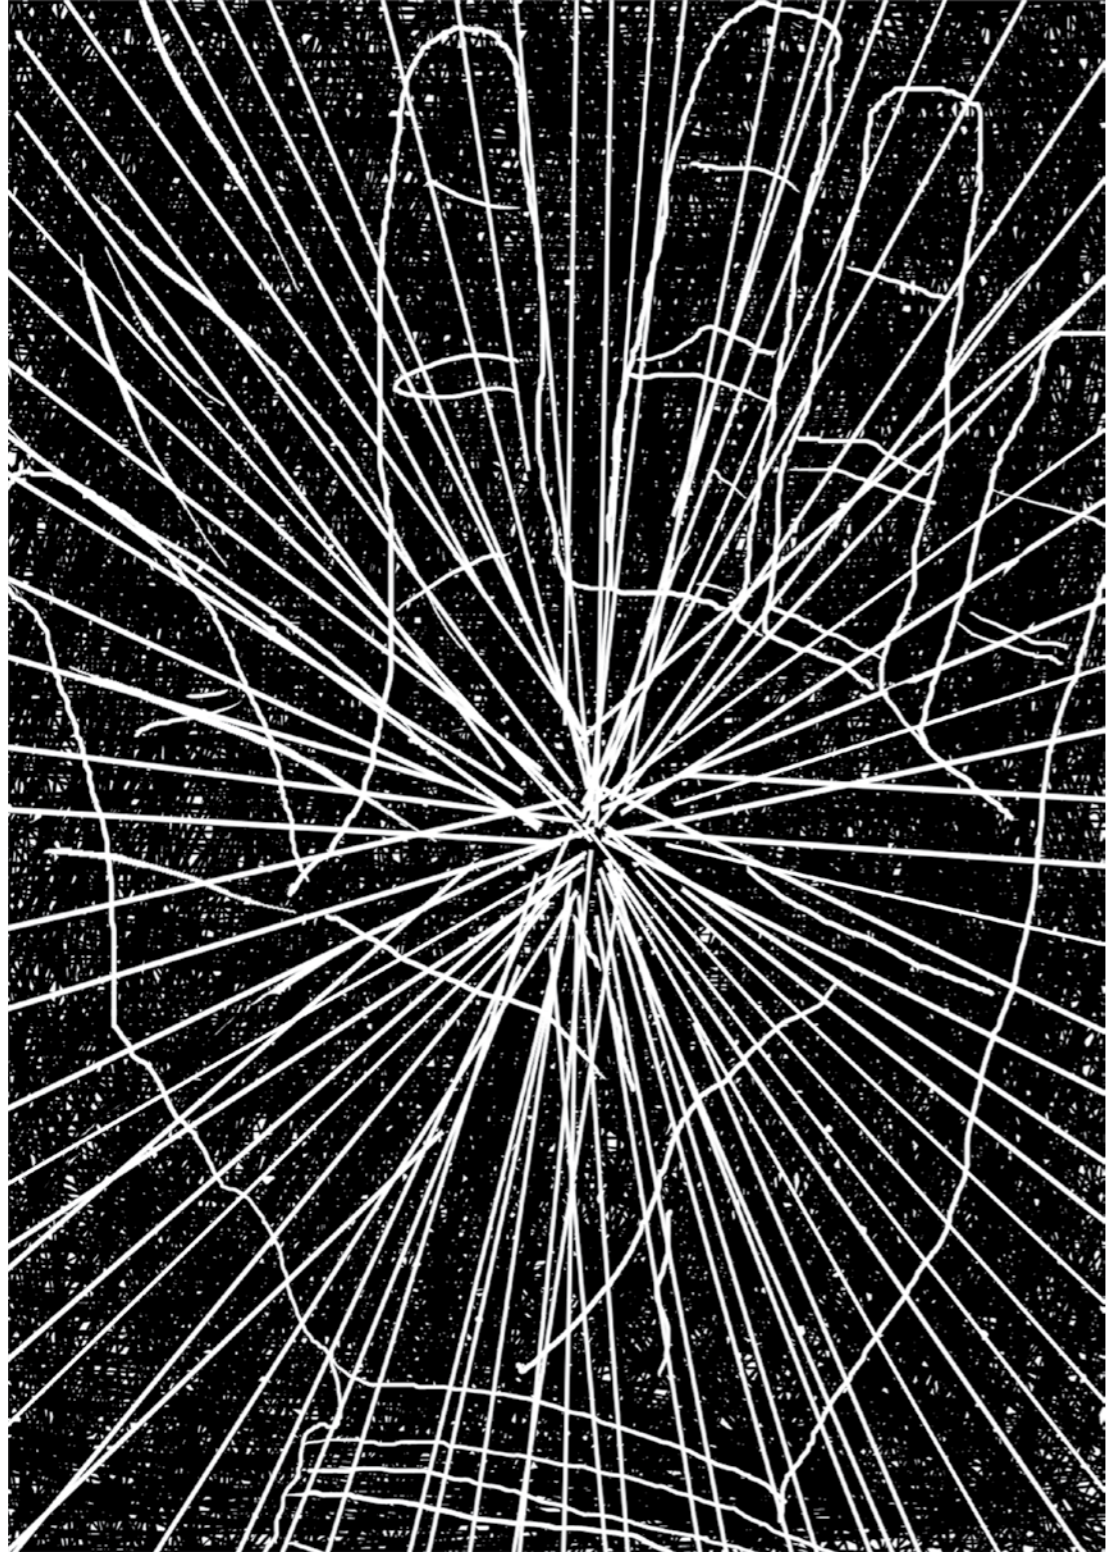

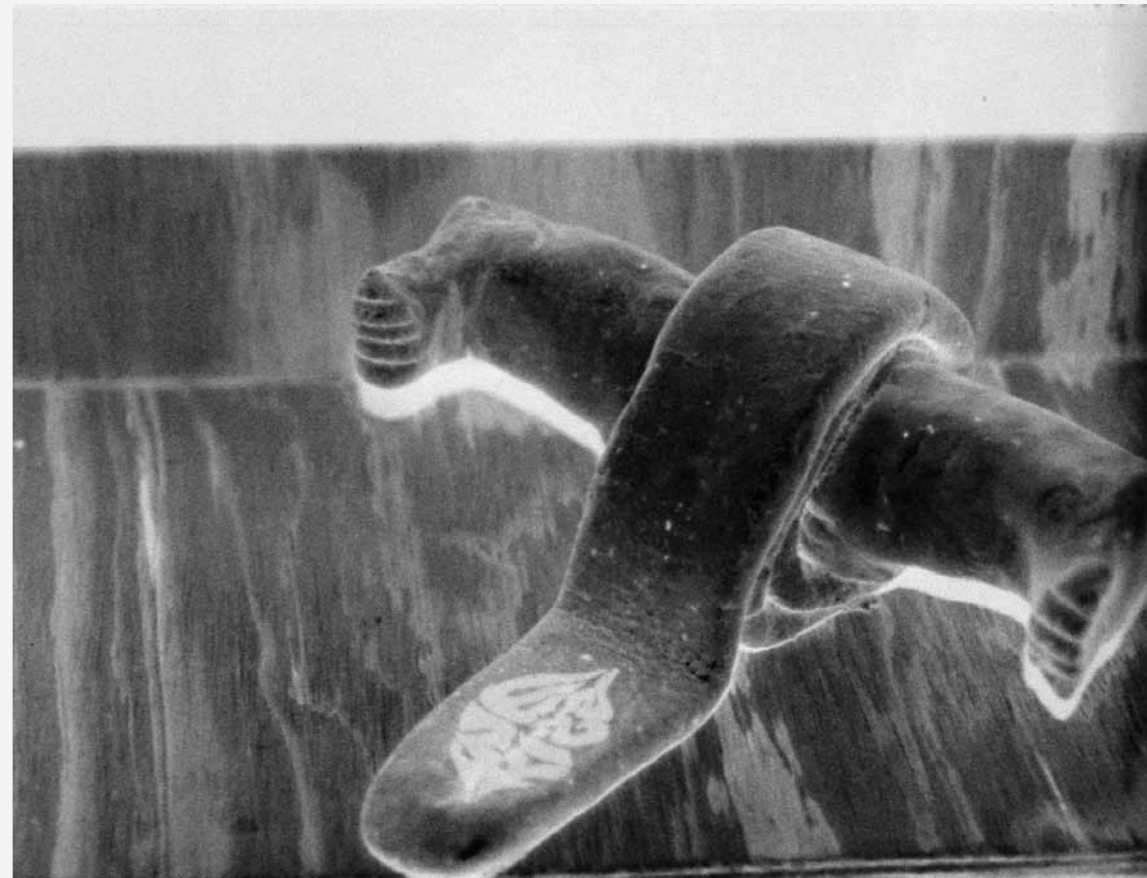

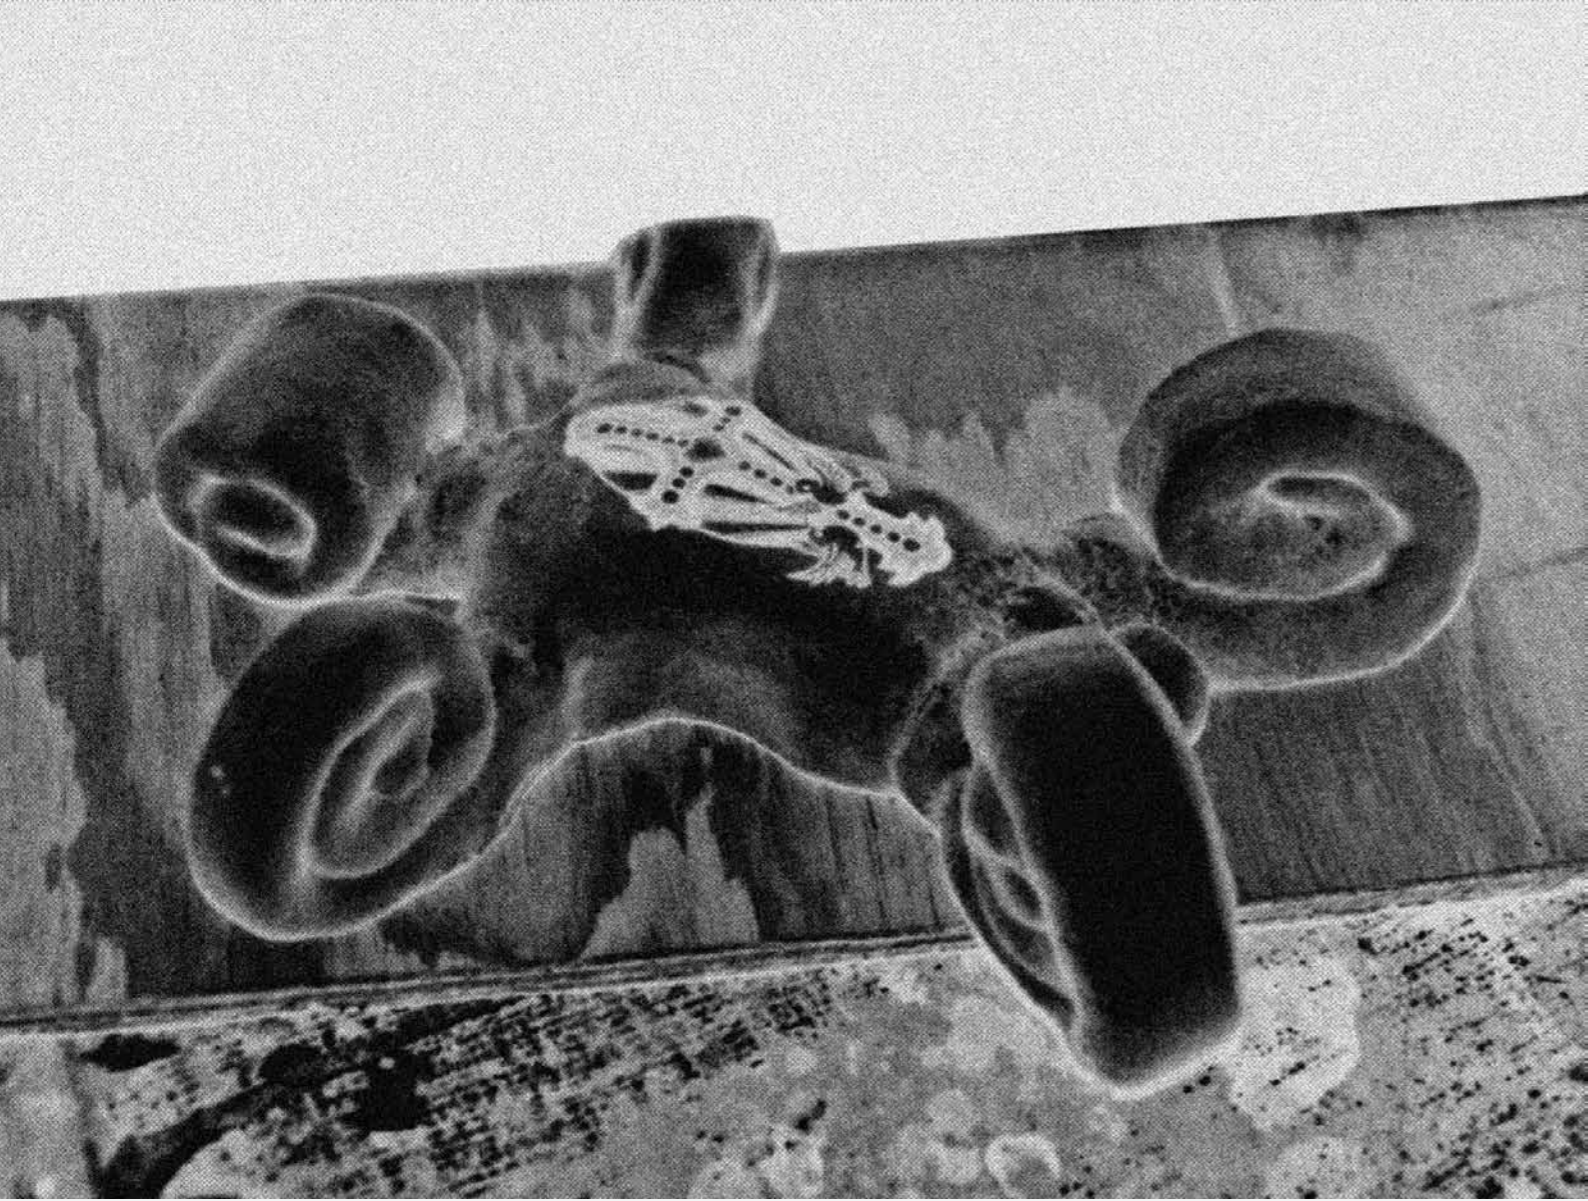

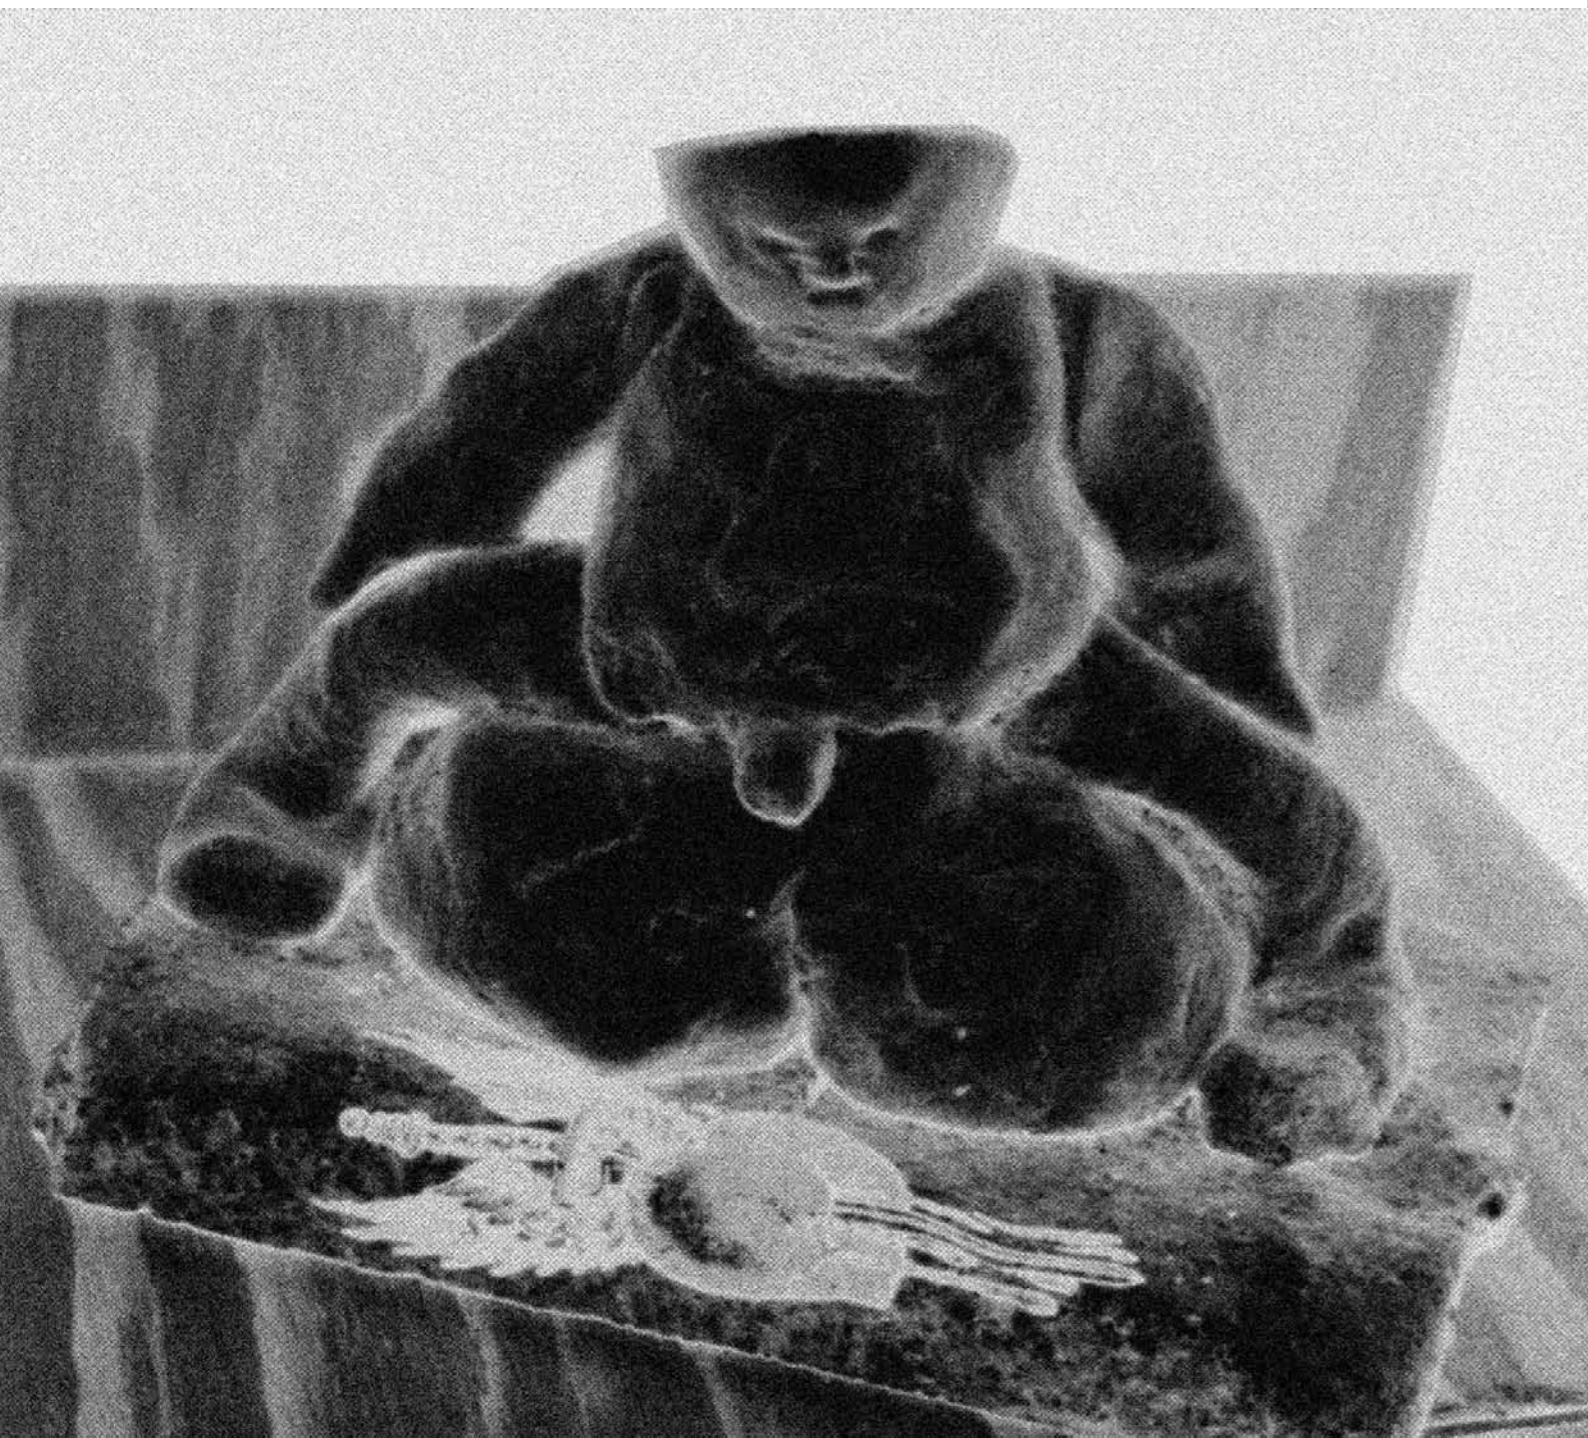

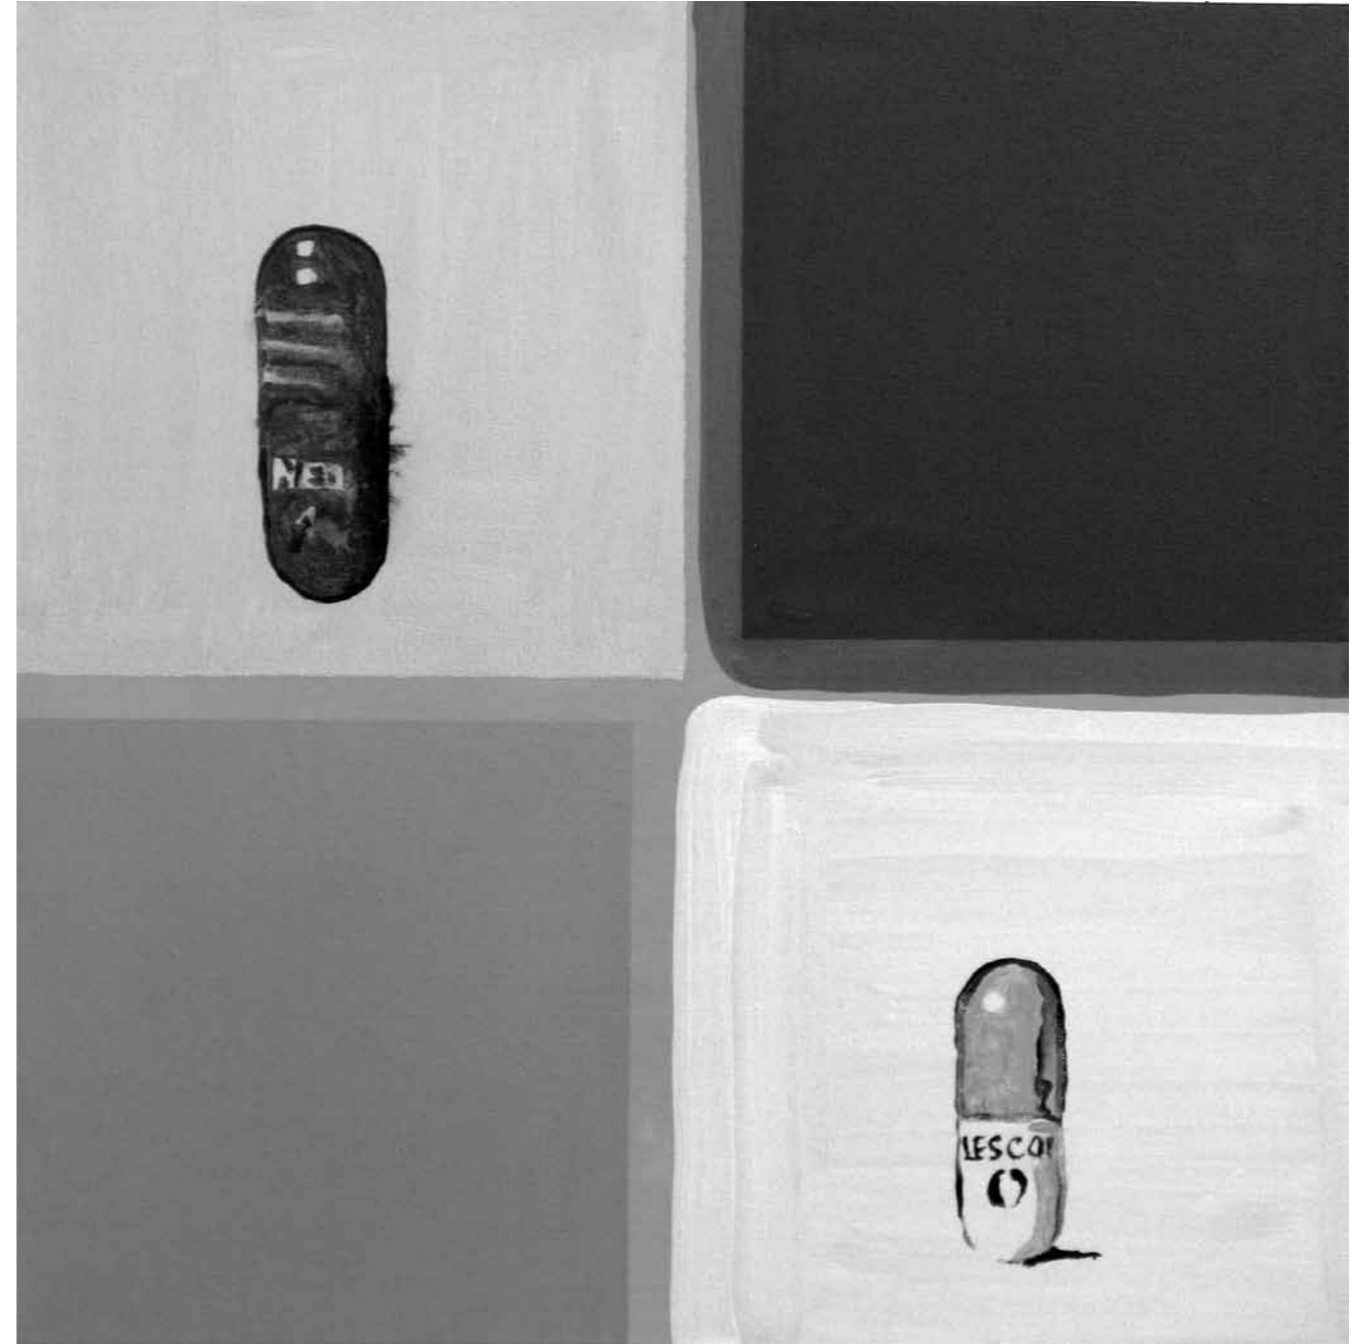

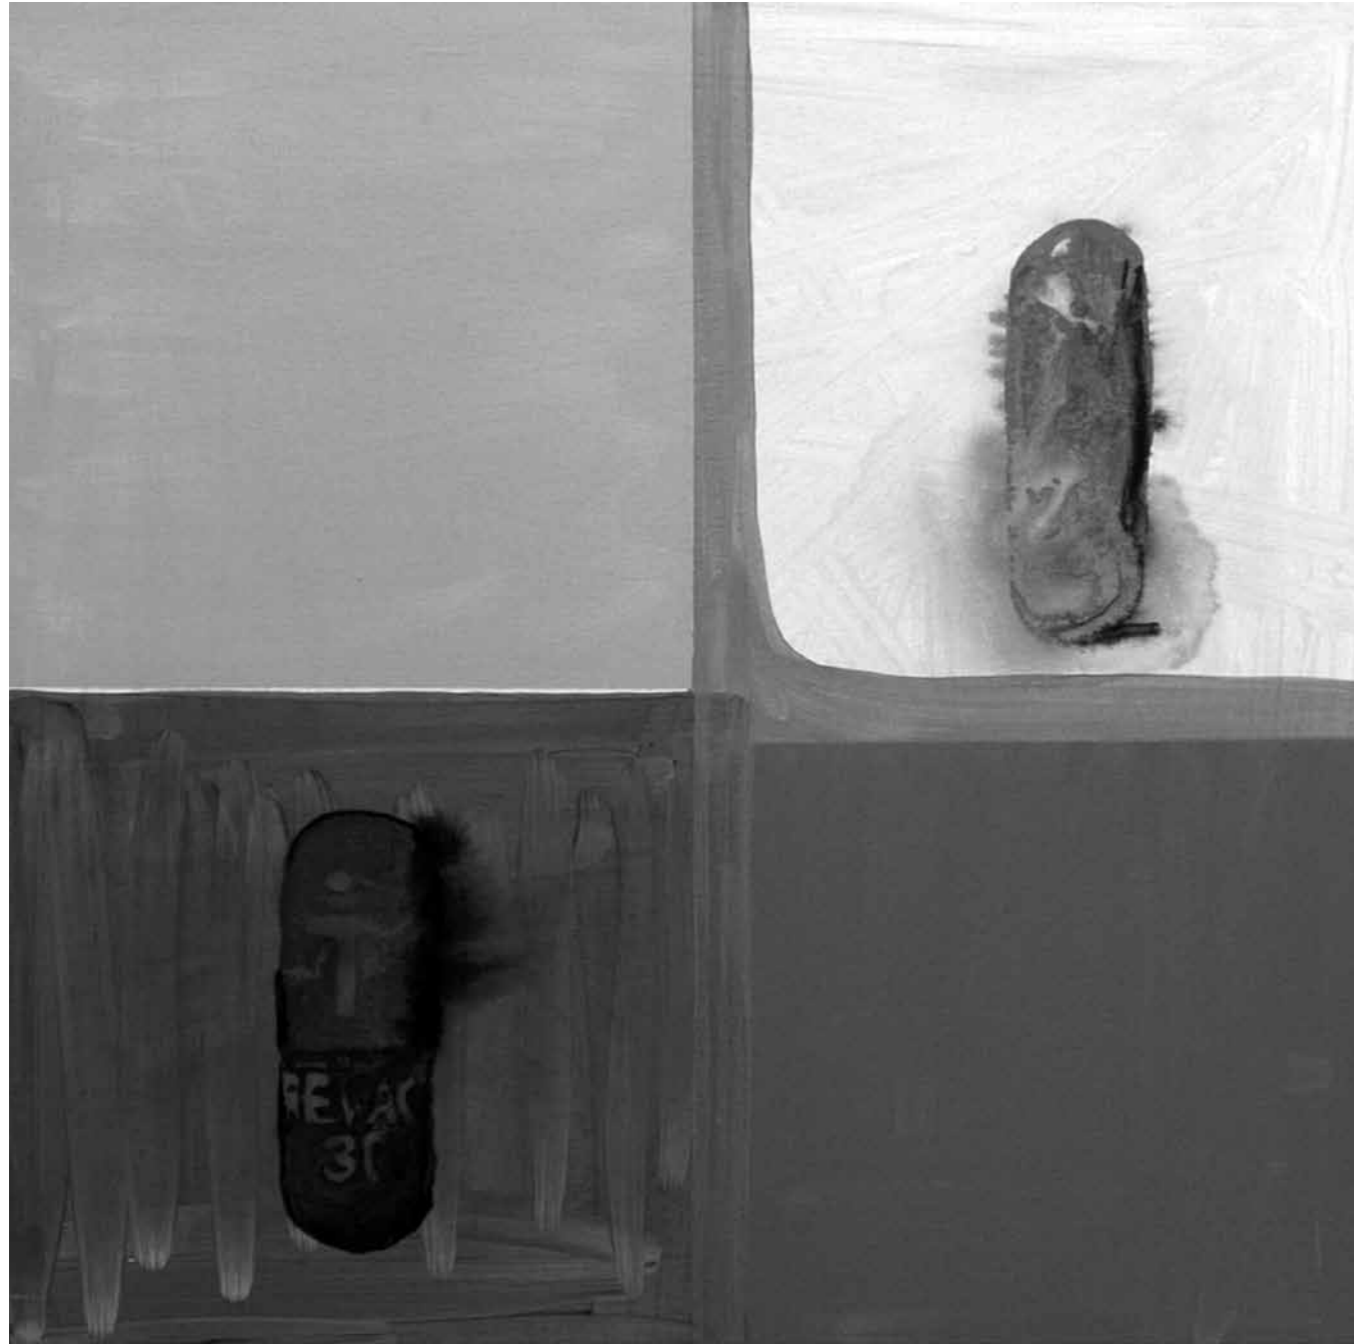

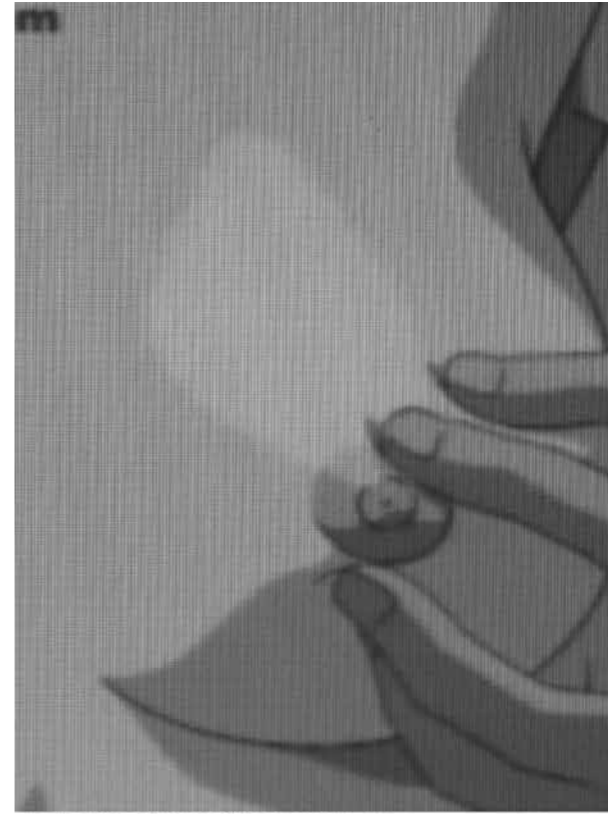

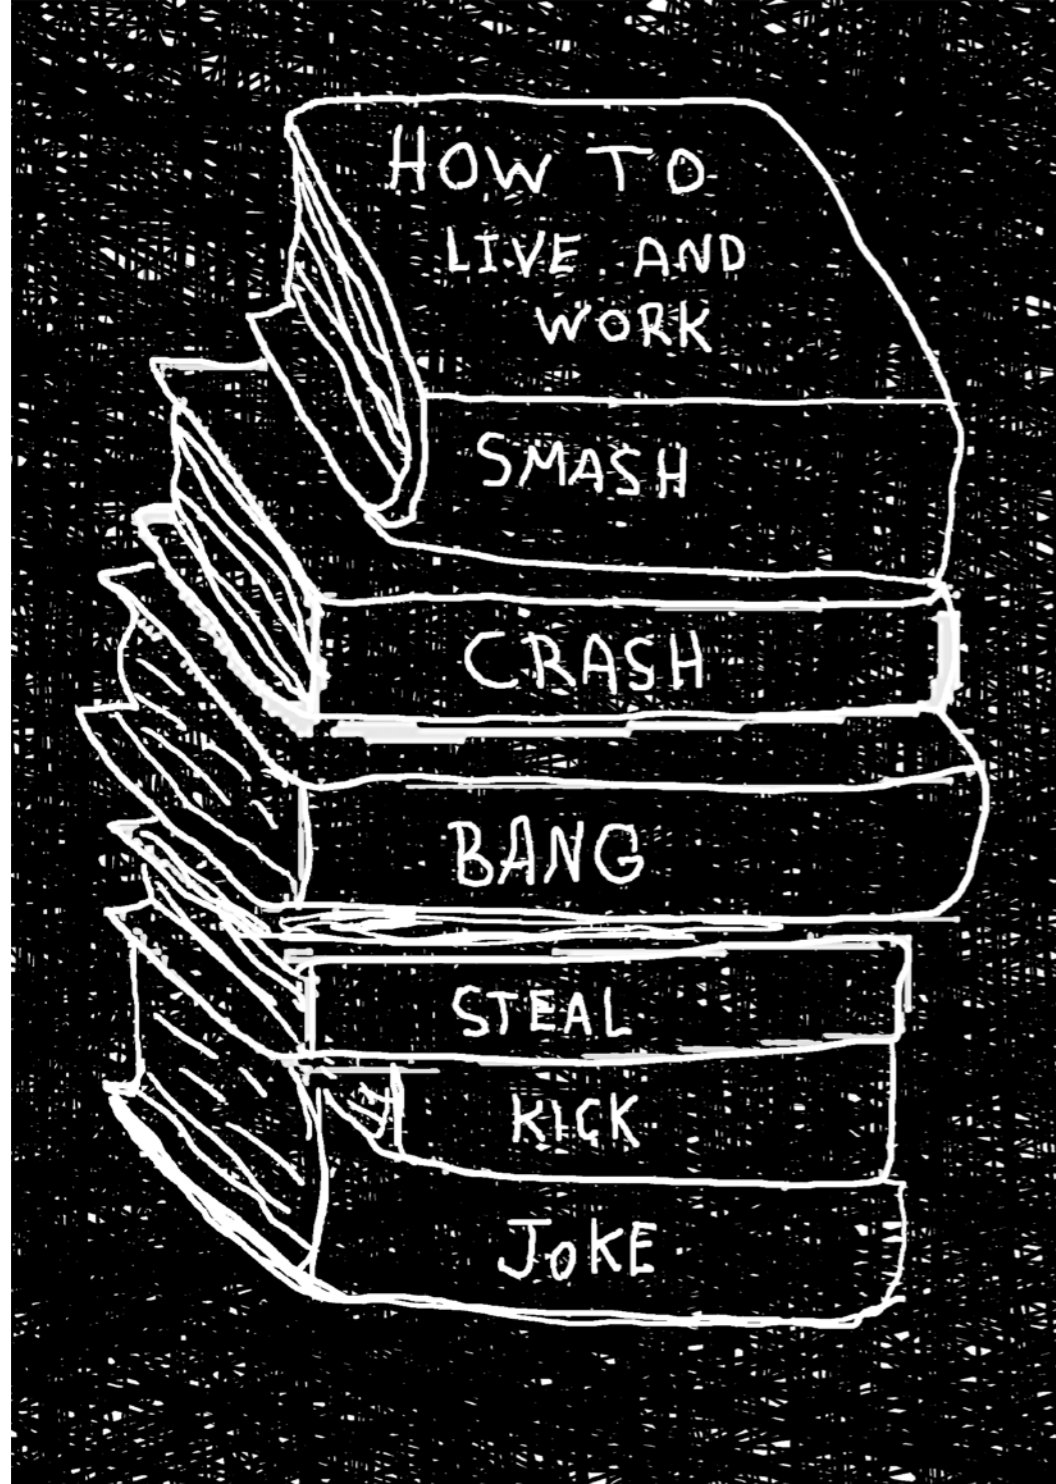

- The four seasons
(consuming and being consumed)

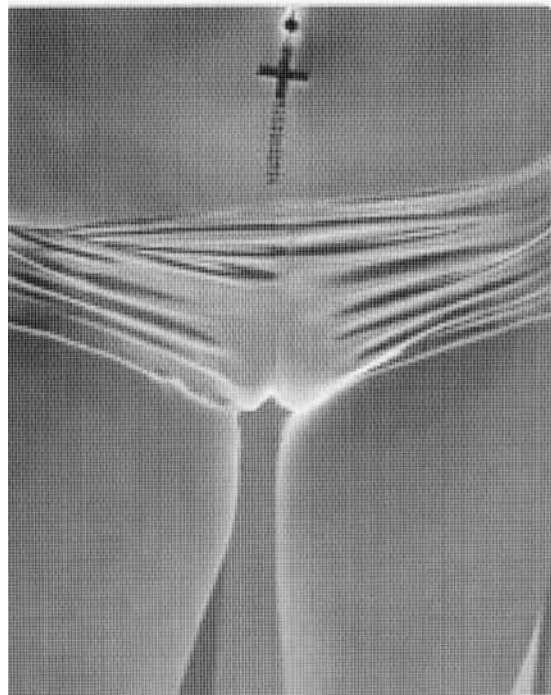

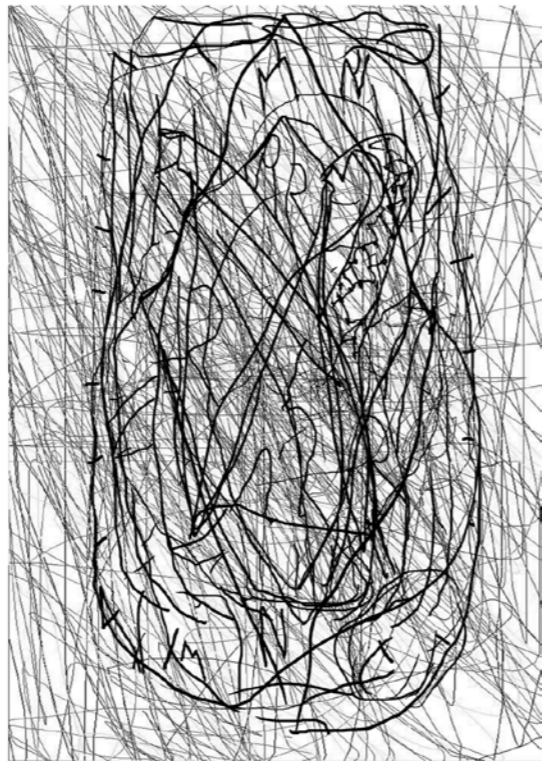

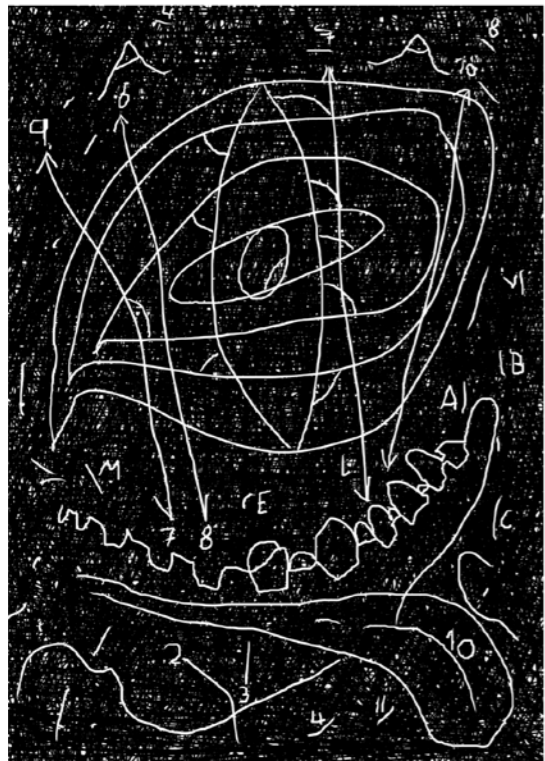

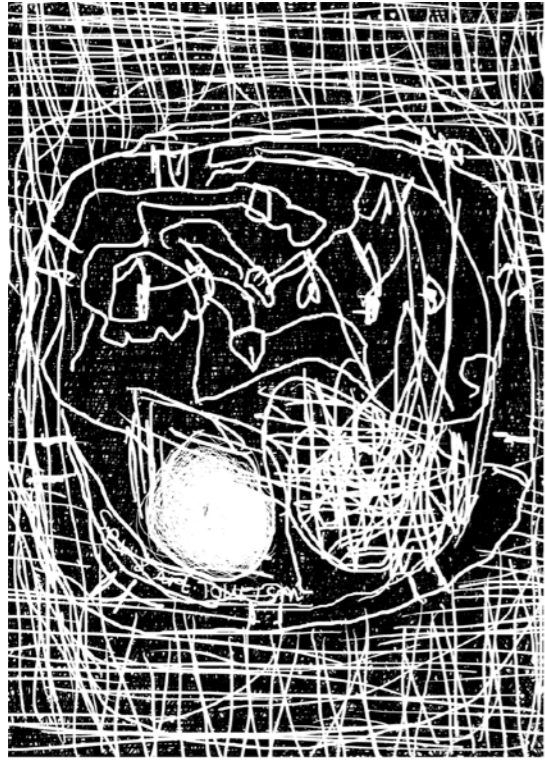

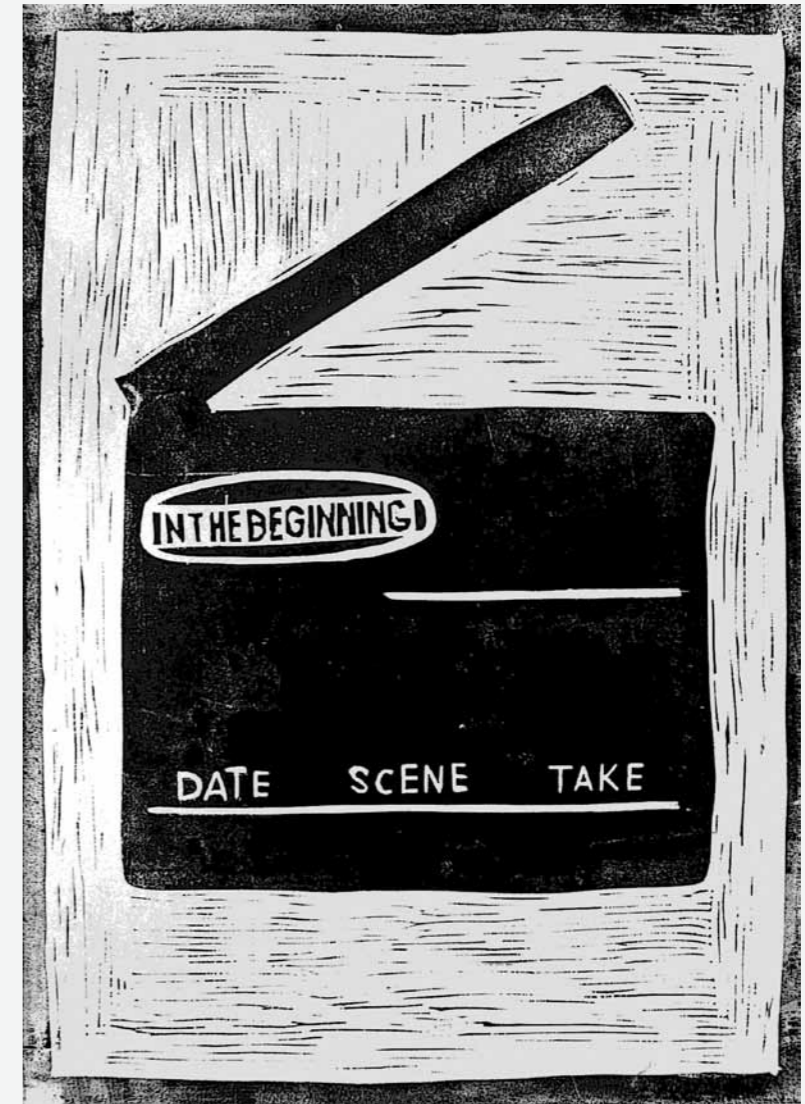

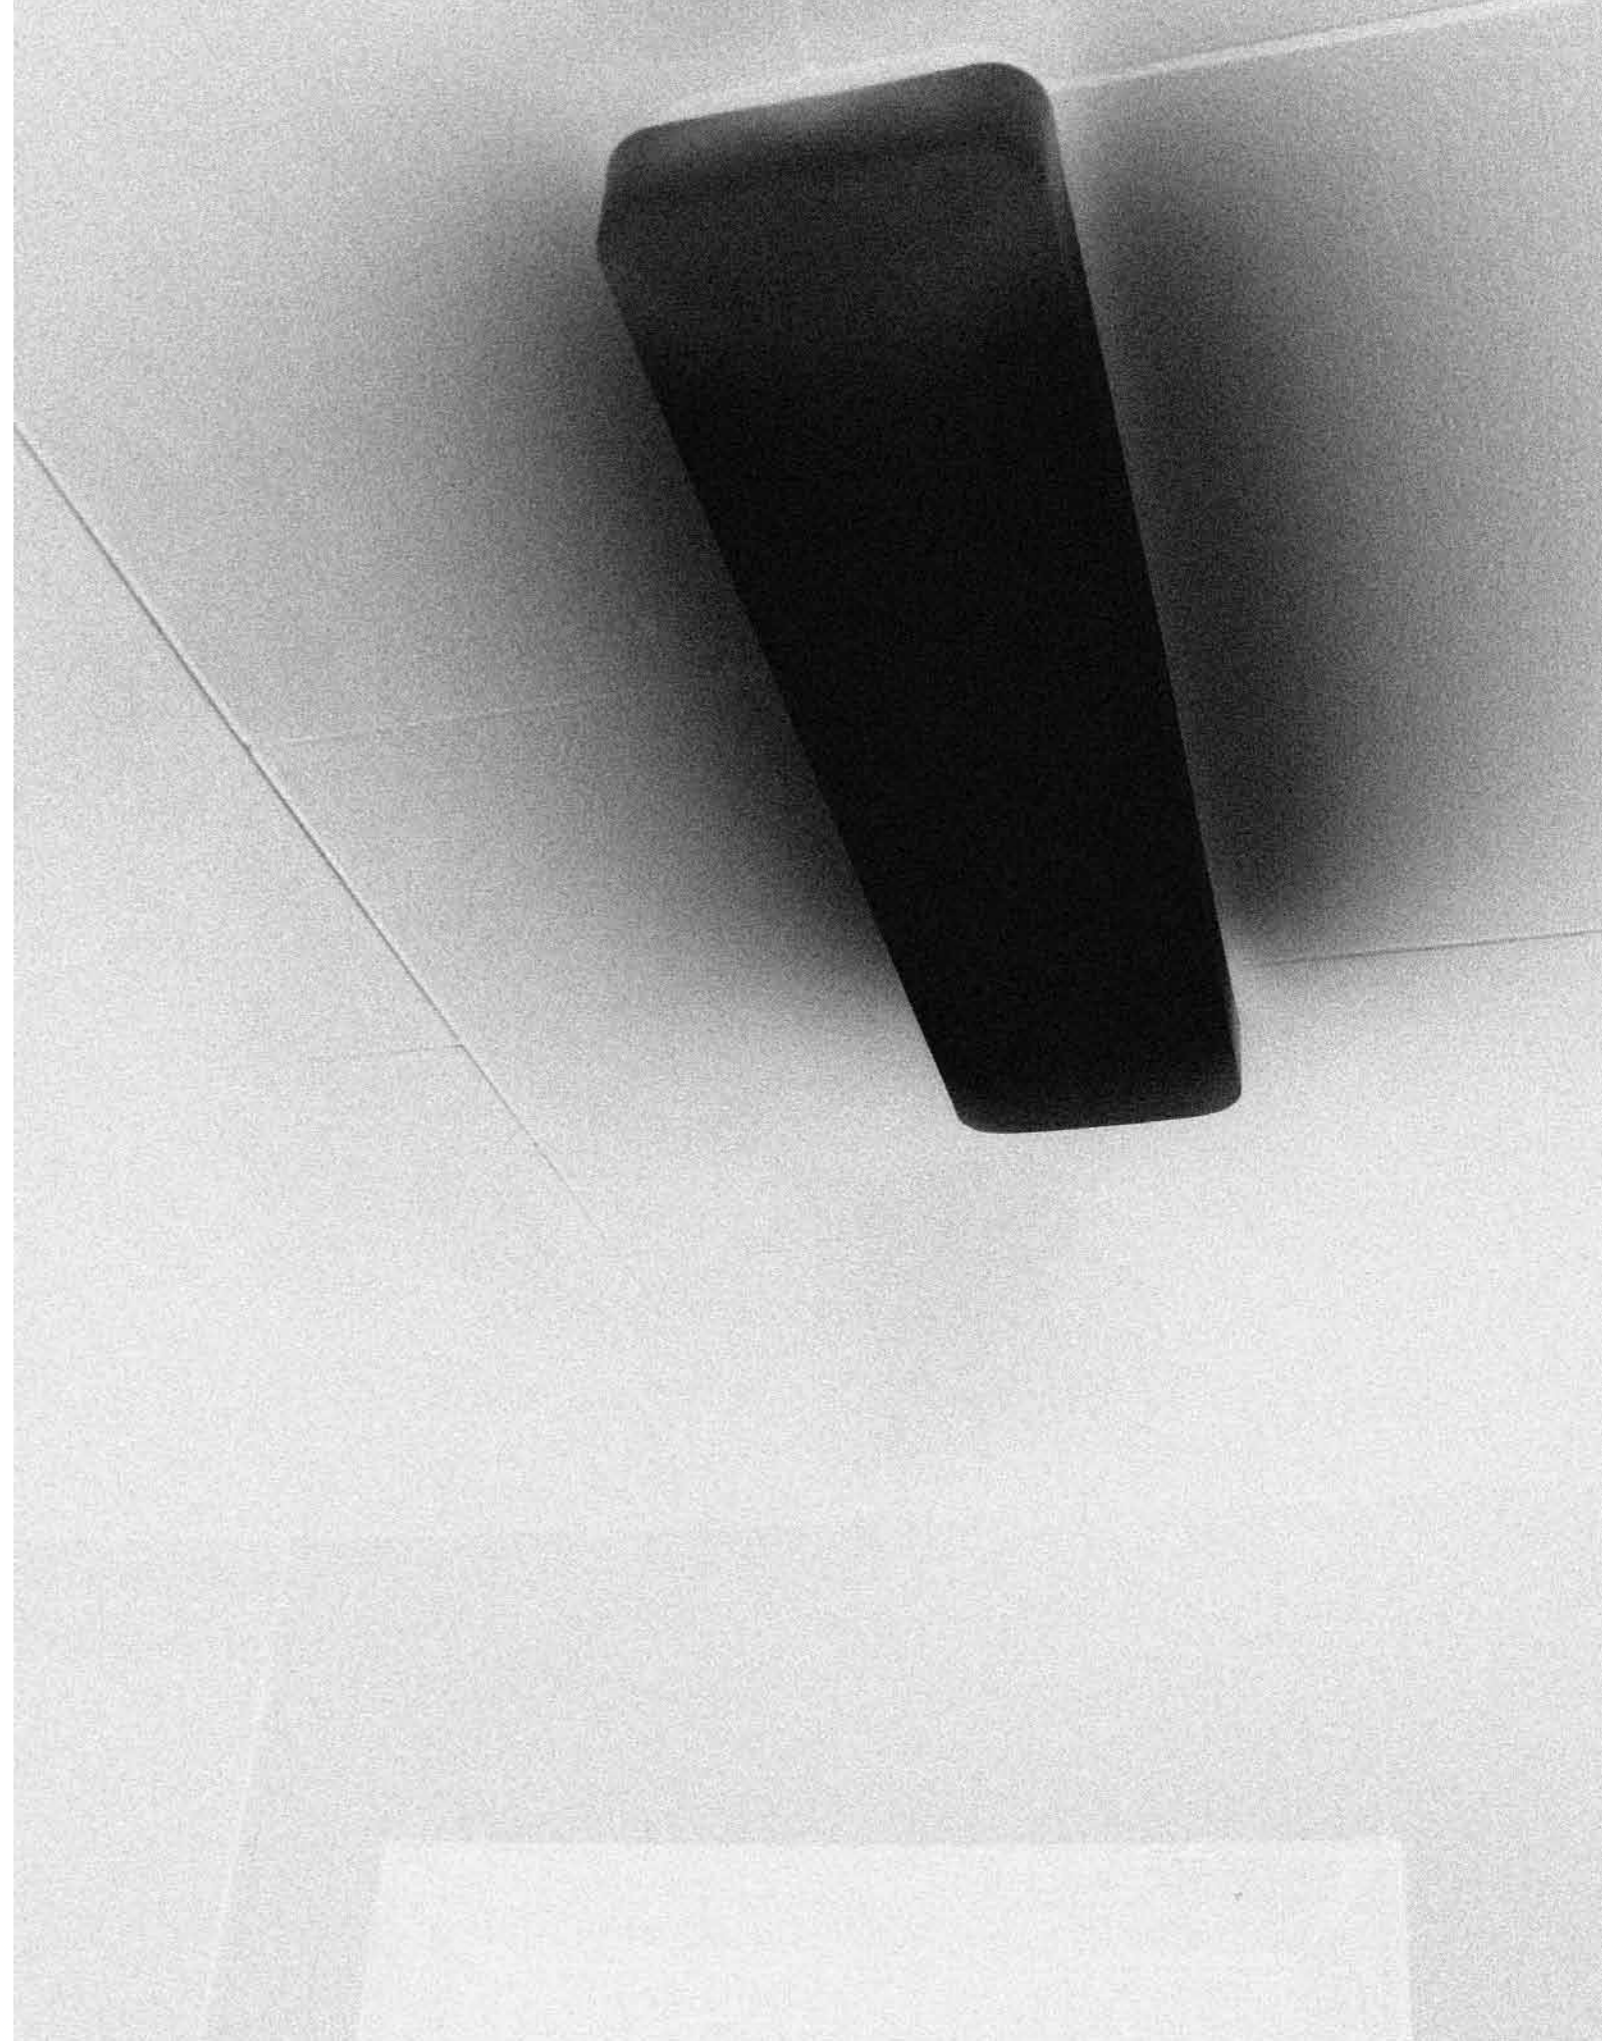

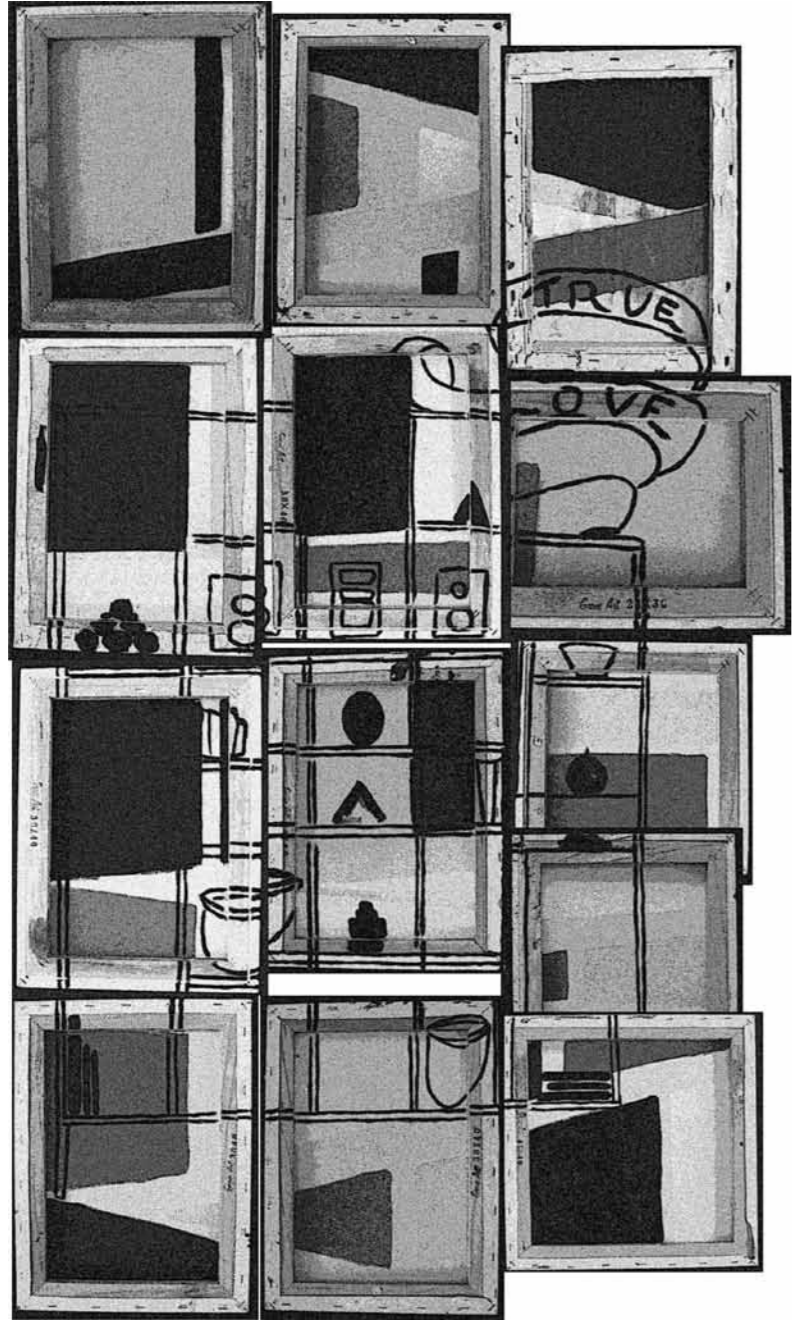

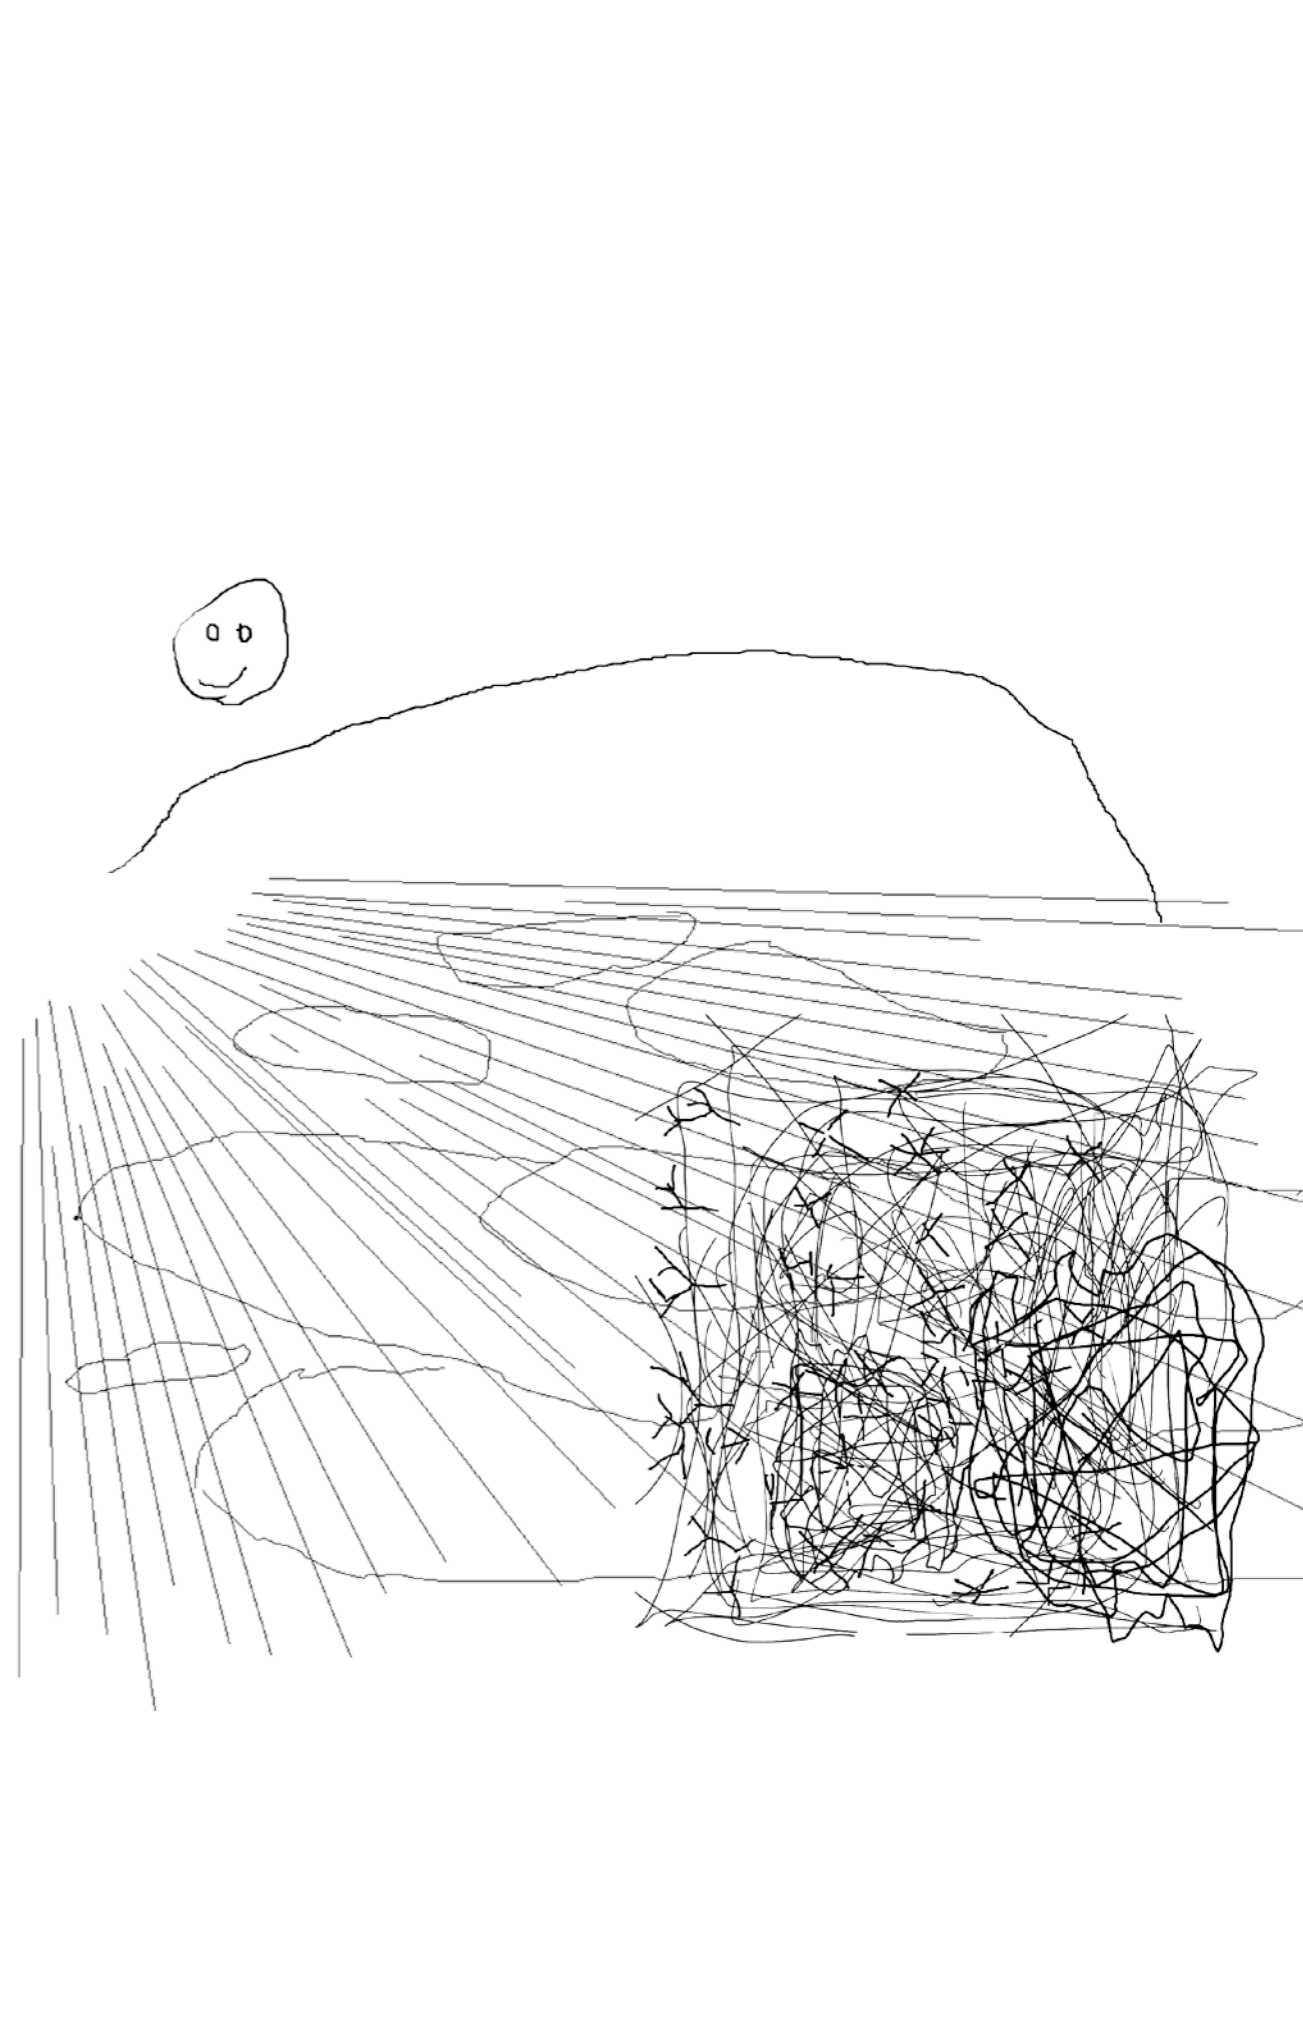

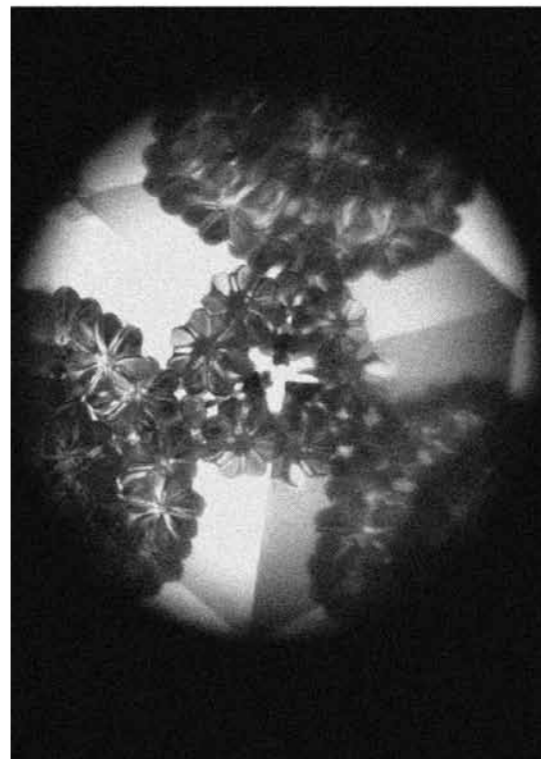

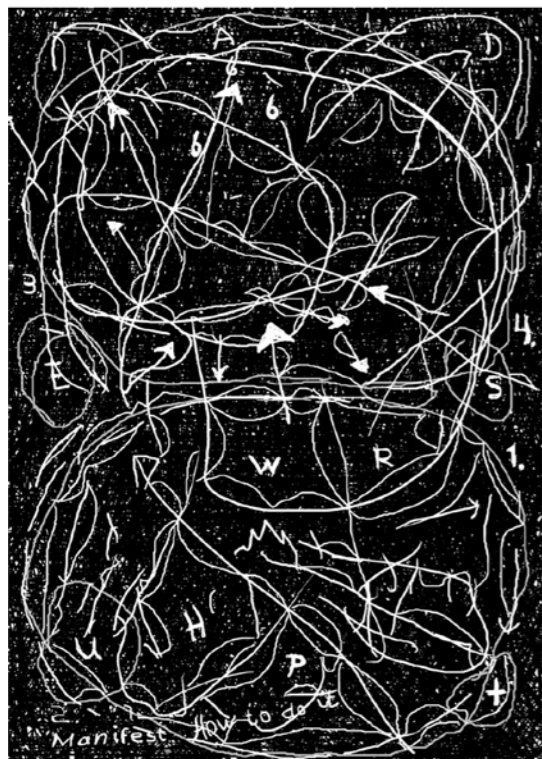

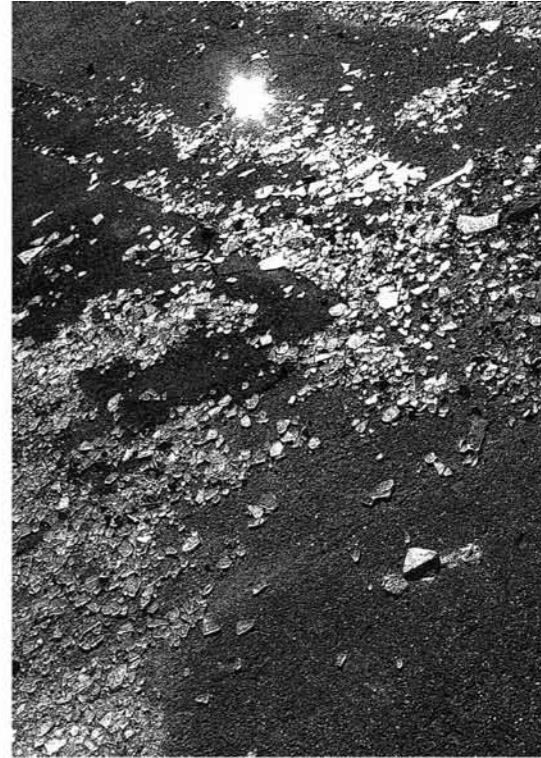

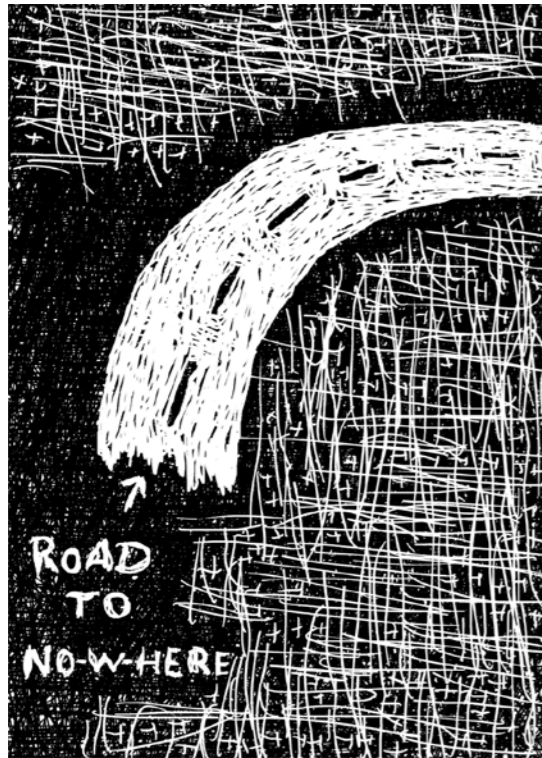

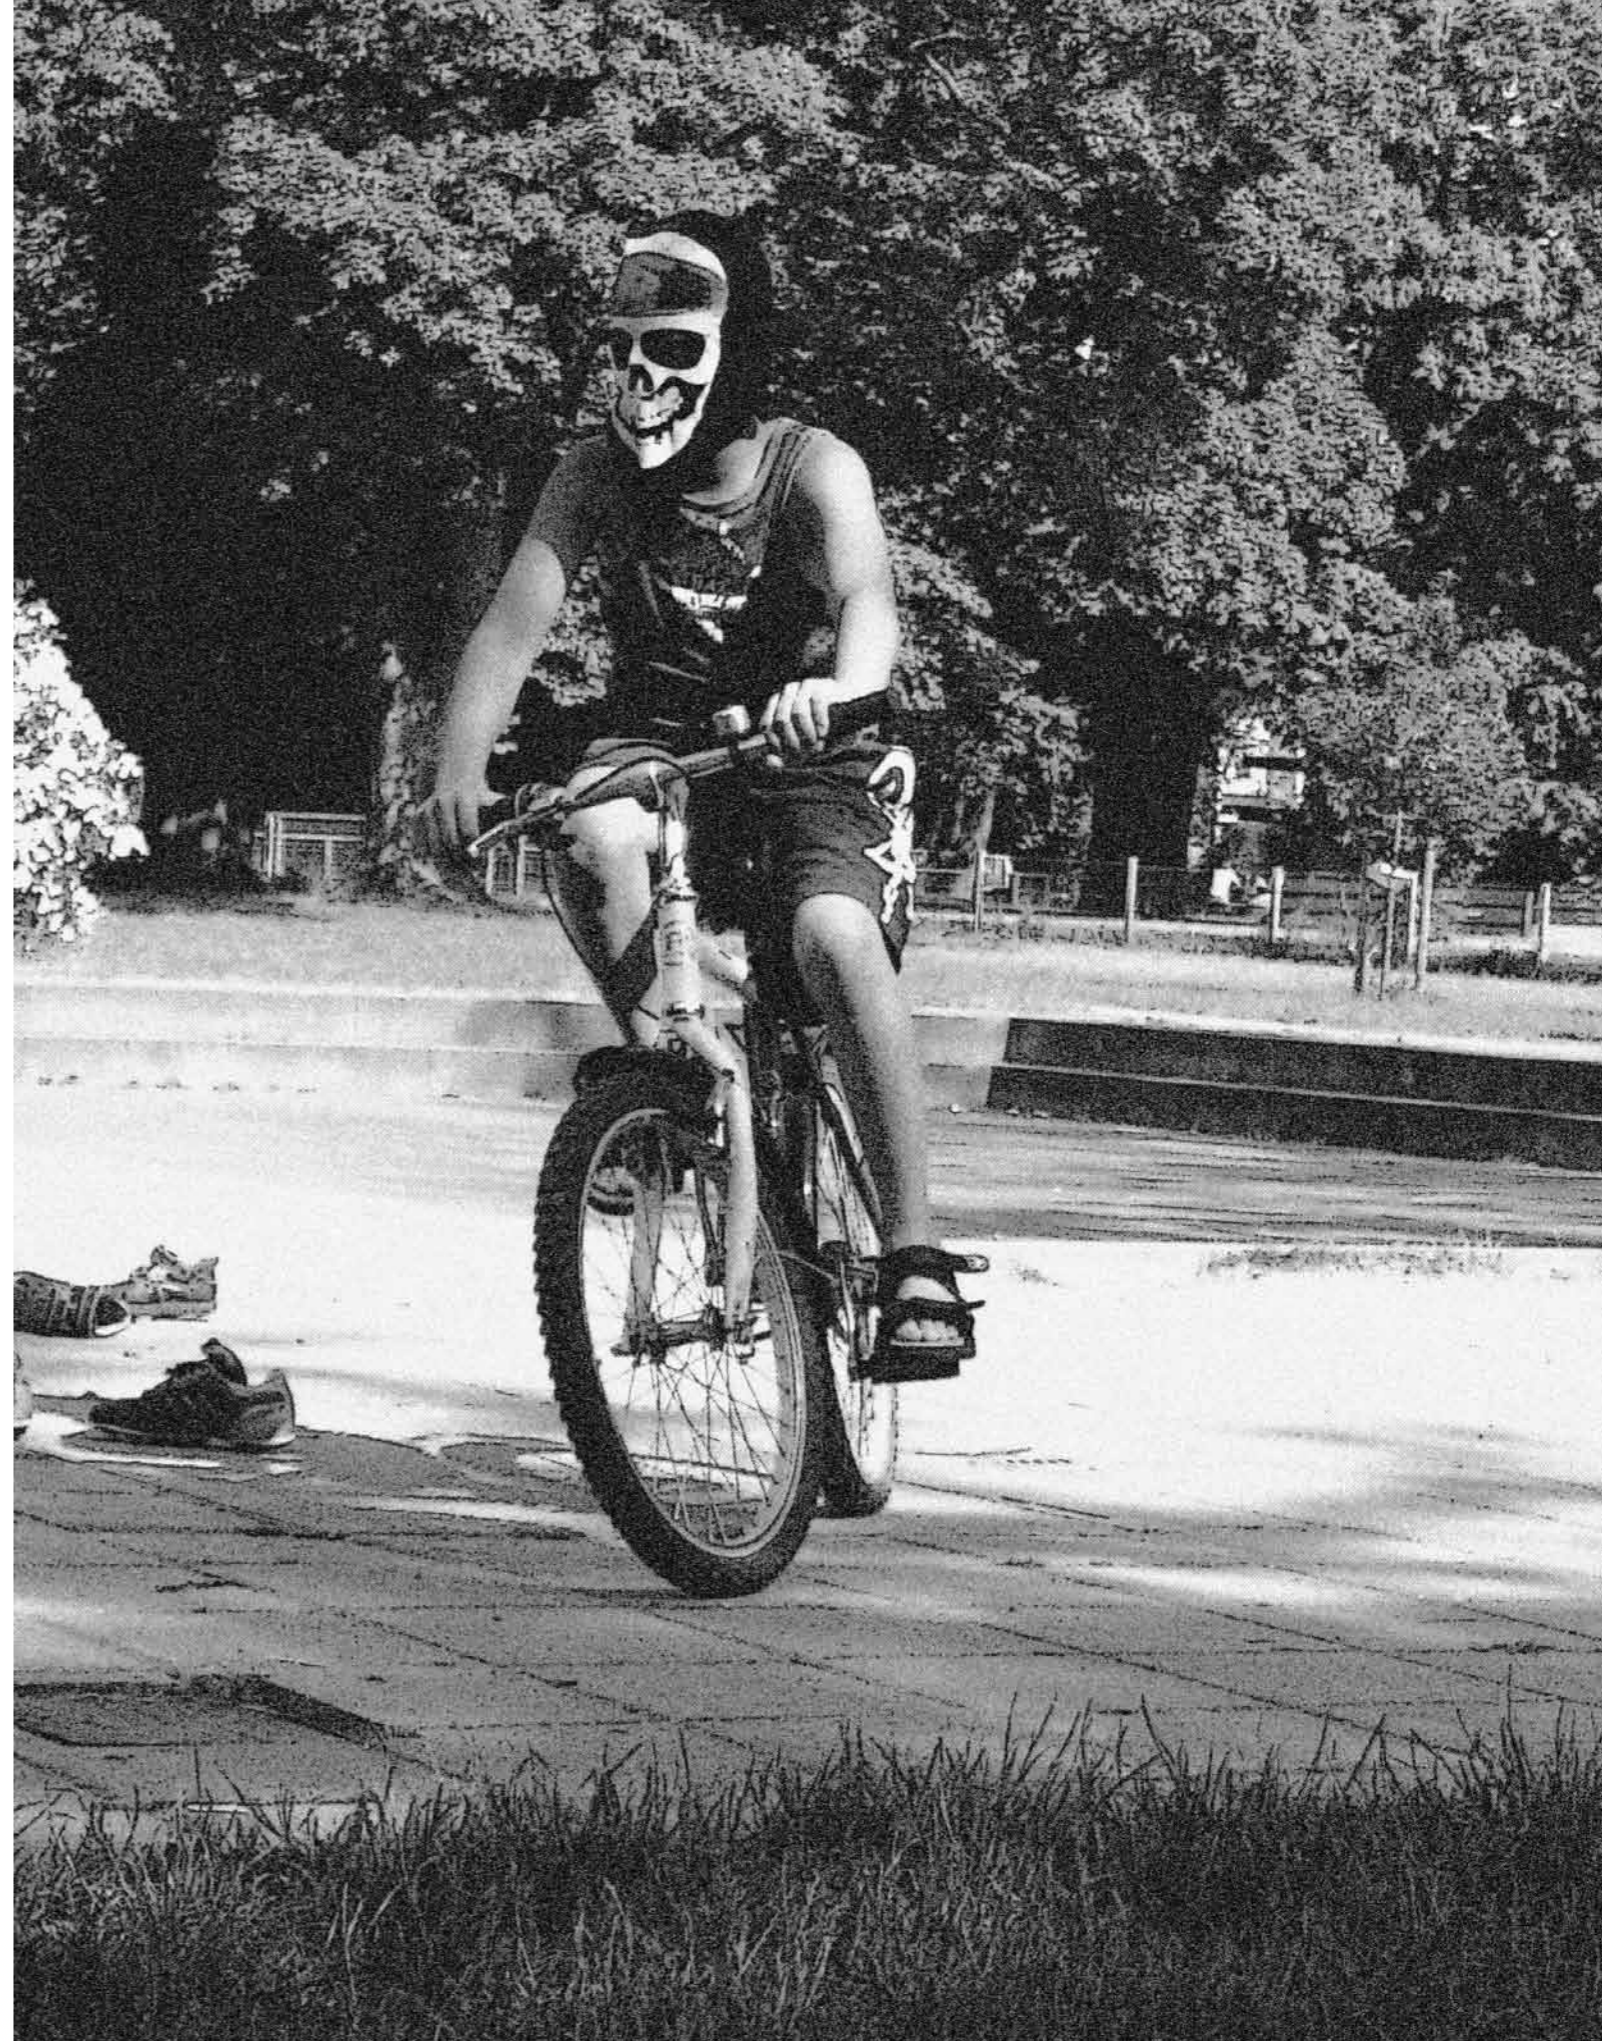

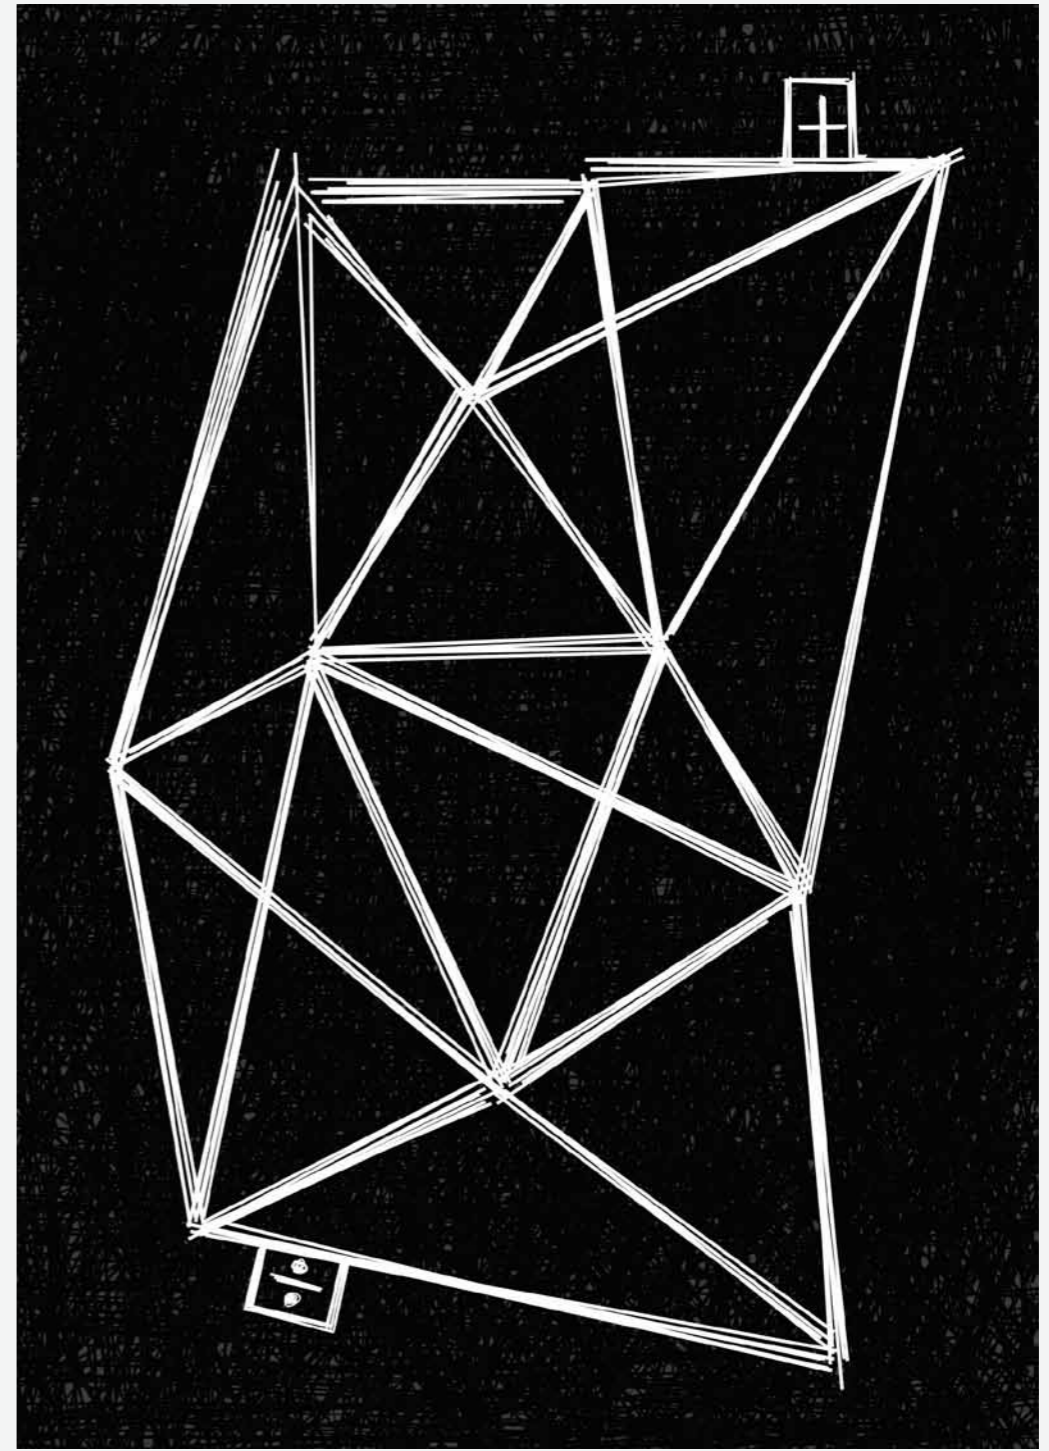

Jeg ser blomsterne
lukket for natten i græsset
og skiltene der blinker
i lyset fra lygten
Jeg hører bilerne
suse om hjørnet
& en eller anden skriger
i en af dem
Døre går op og nogen træder ud
går lidt omkring
stiger ind igen lukker dørene bakker
& svinger tilbage derhen hvor de kom fra
det er alt sammen levende
Det er det
døden siger

han Ache

The fisher's net

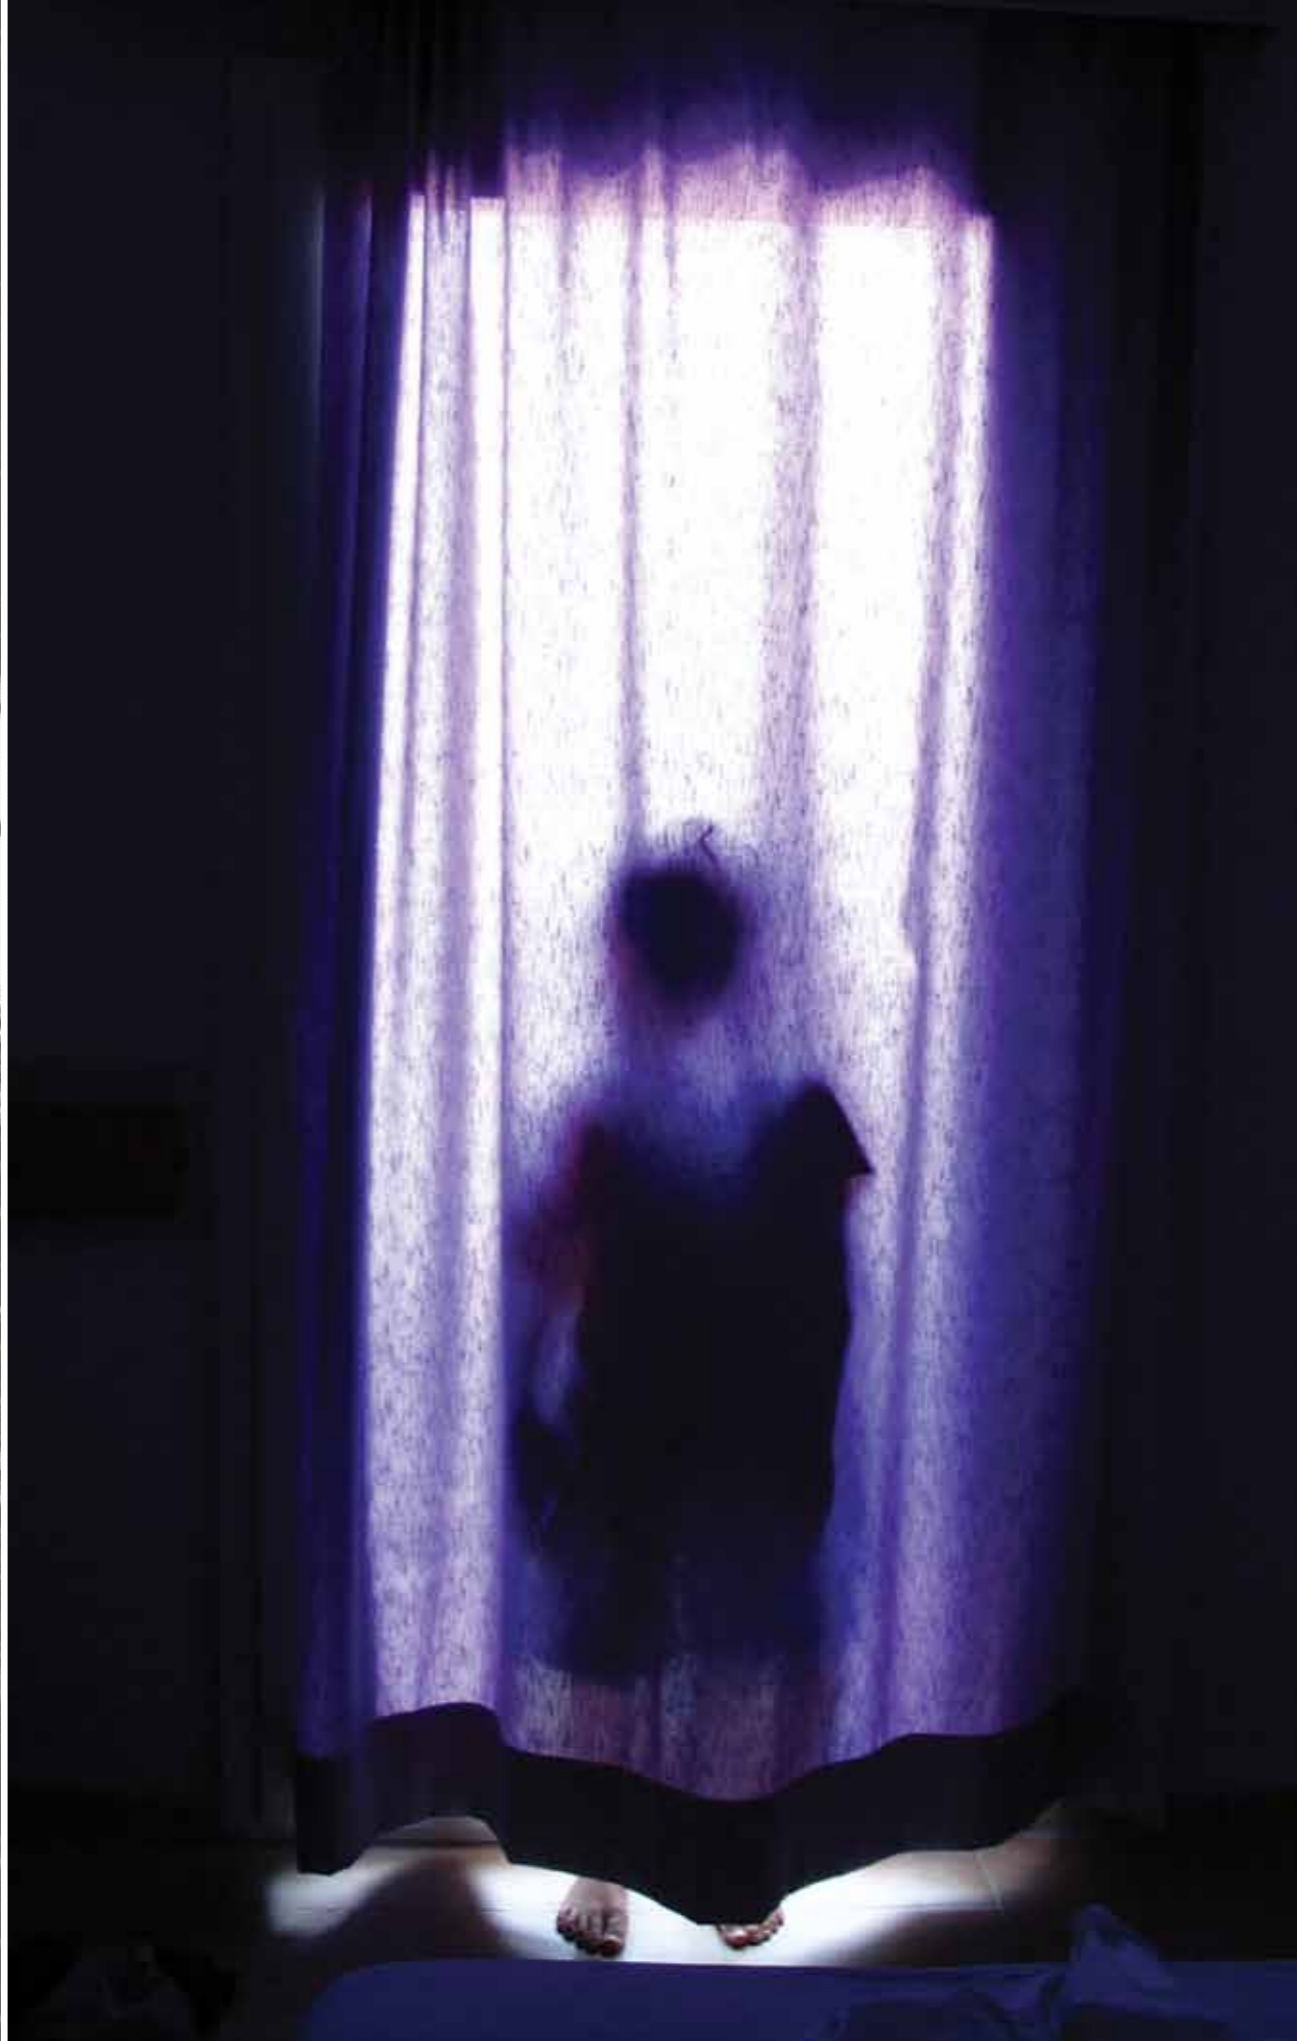

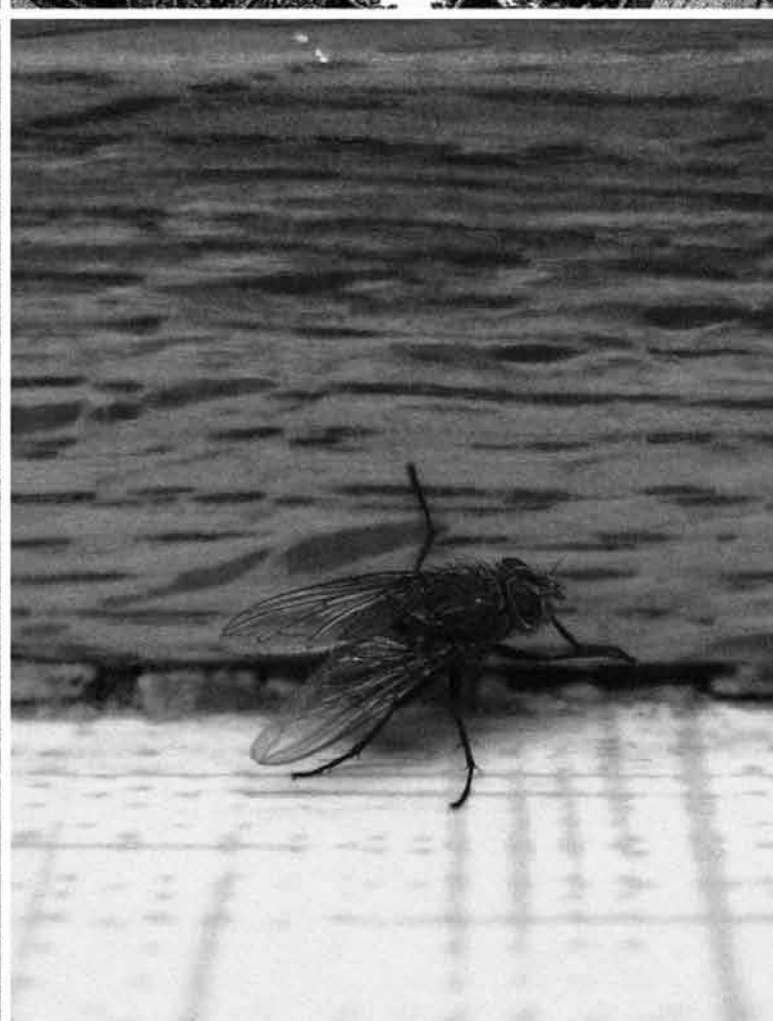

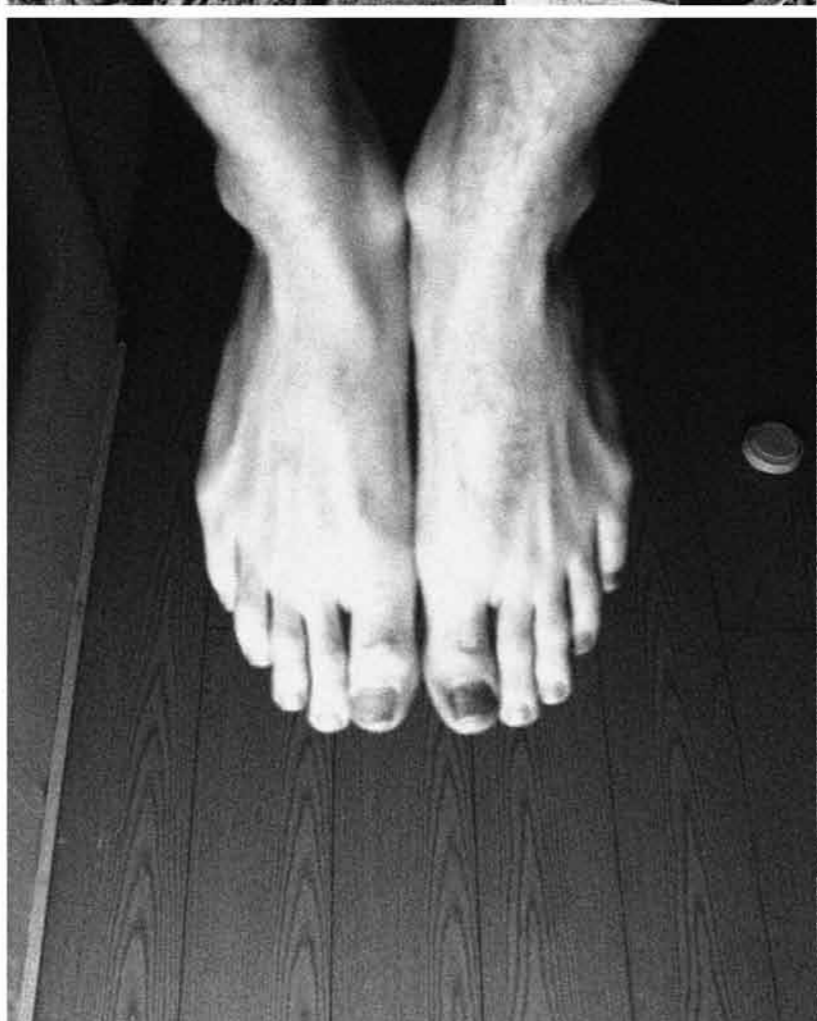

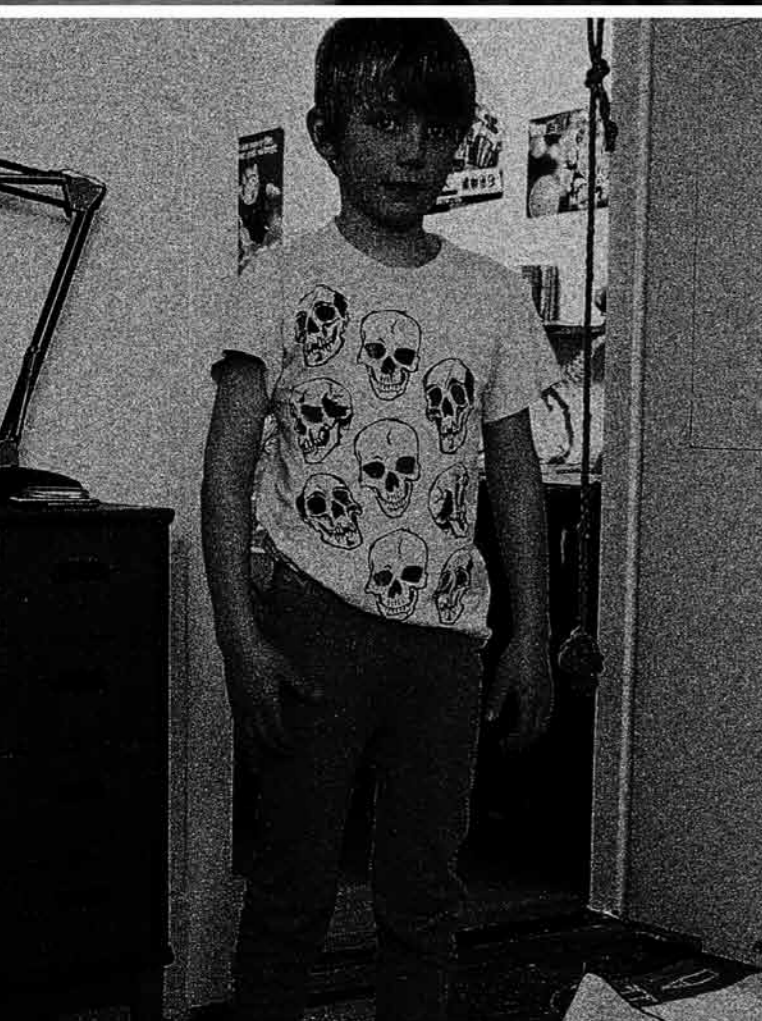

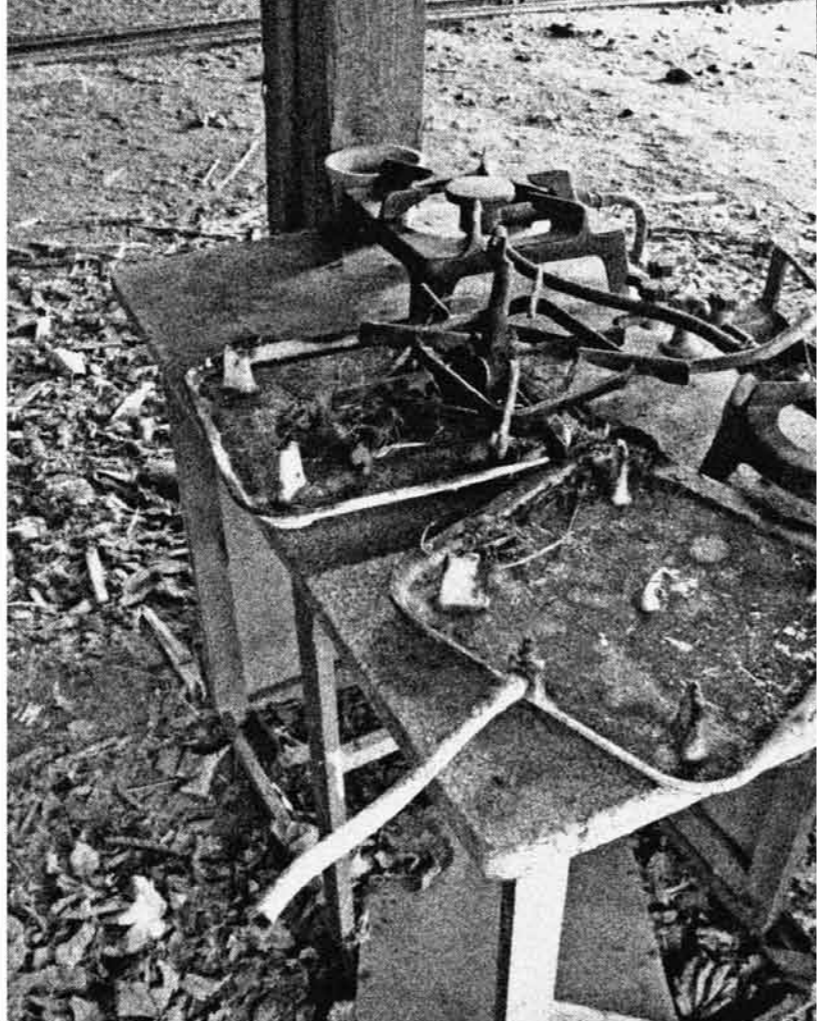

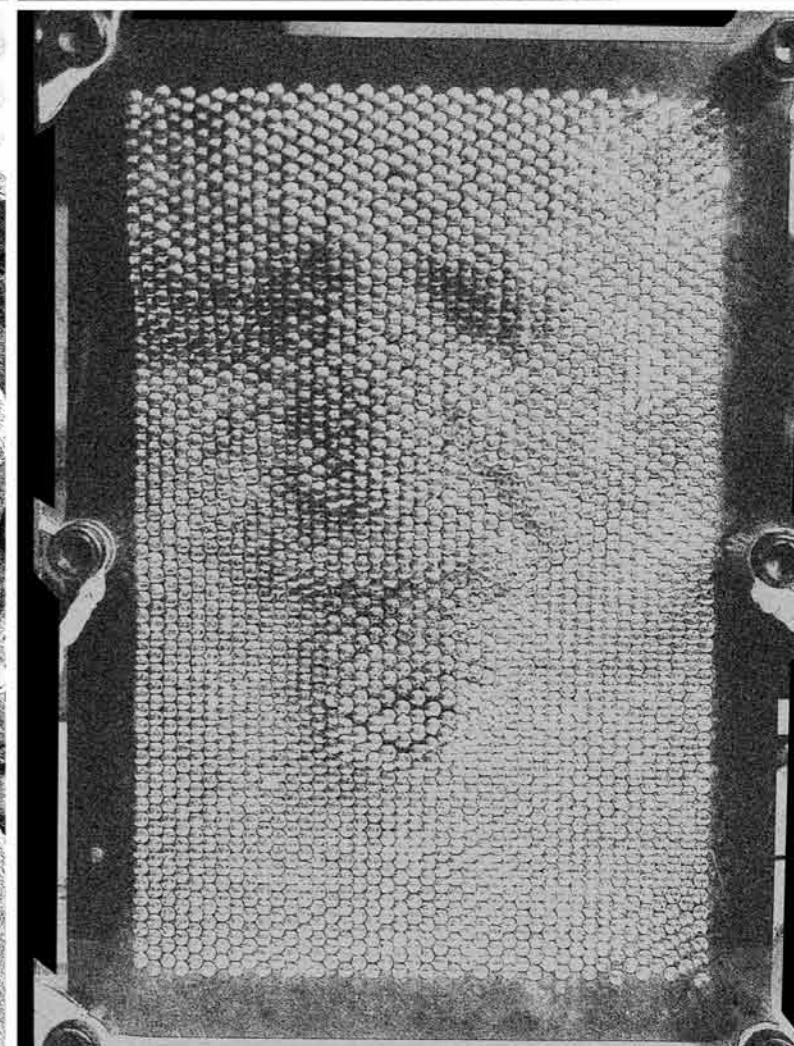

jeg
fanger et lille træ
med lygten. Det
styrter i vejret – tyndt,
men ingen løber fra lyset

noget
er forbi

der sker
begynder

simple ting
som de er

og sprog
